ACKNOWLEDGEMENT

It is a great pleasure to express my profound and heart felt gratitude to my respected guide, Dr. Rachna Pathak, Reader, Department of Education, N.A.S. (P.G.) College, Meerut for her guidance and kind co-operation in the completion of this study. Without her keen interest, generous help and highly inspiring suggestions, this study could not have been accomplished in its present form.

I express my heartiest thanks to Dr. A.K. Sharma, Head of the Department of Education, and Dr. Shikha Chaturvedi, N.A.S. (P.G.) College, Meerut for their valuable cooperation and suggestions.

This acknowledgement would be meaningless if I do not remember my Parents to whom I owe all the purposes that I have achieved so far, including the present work. In the course of research work there were times when I felt low in spirits, standing behind the rock hard, supporting me in every possible way.

My sincere thanks are due to my friends Dr. Diwaker Sharma and Dr. Raksha Pal Singh Raghav who helped me in the best possible way they could.

I wish to extend my thanks to the Principals and Teachers of Secondary School's and to all who provided facilities in the pursuance of this research. The researcher sincerely owes to those Authors and Researchers whose publications and contributions have profoundly been utilized in this research.

Last but not the least, I thanks Almighty most sincerely who has best owed on me the strength and courage to embark on the subject successfully.
