ACKNOWLEDGEMENTS

I express my profound sense of reverence to my research supervisor Dr. D. Natarajan, Assistant Professor, Department of Biotechnology, Periyar University for his constant guidance, support, motivation and unerring help during the course of my Ph.D. He has given me enough freedom during my research without objection and he has always been nice to me. I will always remember his patience, mercy and personal care.

I am pleased to express my heartfelt thanks to my Co-Principal Investigator (UGC-MRP) Dr. M. S. Shivakumar, Assistant Professor, Department of Biotechnology, Periyar University for helping me in entomological works and boosting my morale throughout the course of research. He has also provided insightful suggestions about the research and publications.

I take this opportunity to sincerely acknowledge the University Grants Commission (UGC), Government of India, New Delhi, for providing financial assistance in the form of Major Research Project Fellowship which buttressed me to perform my work comfortably.

I express my deepest gratitude to Dr. P. Perumal, Professor & Head, (Doctoral Committee Internal Member) Department of Biotechnology, Periyar University for his encouragement, support, suggestions, providing a good research atmosphere and approving official procedures during my research.

I would like to thank my doctoral committee member Dr. T. Parimelazhagan, Professor, Department of Botany, Bharathiar University, Coimbatore for his helpful suggestions and comments during my research progress and presentations.

I’m glad to convey my humble thanks to Dr. P. Venkatachalam, Associate Professor, Dr. N. Elangovan and Dr. P. Indra Aruselvi, Assistant Professors, Department of Biotechnology, Periyar University for their valuable support, encouragements, constructive suggestions and extensive discussions around my work.
It is my pleasure to acknowledge all the authorities of the Periyar University for their encouragement by providing for necessary infrastructure and resources to accomplish my research work.

I also thank the help rendered by Prof. Dr. N. Raaman, Director, Centre of Advanced Study in Botany, Department of Botany, Madras University, Guindy Campus, Chennai, for his valuable suggestions and technical assistance. I extend my warm appreciation to all the Ph.D. Scholars of Prof. Dr. N. Raman's lab for their advice and help.

I wish to express my deep sense of gratitude to Prof. D. Velmurugan, Head, Centre of Advanced Study in Crystallography & Biophysics and Bioinformatics Infrastructure Facility (DBT-BIF), University of Madras, Guindy Campus, Chennai, for his valuable suggestions and technical support in molecular docking studies.

I feel glad to acknowledge Dr. T. Vinuchakkaravarthy, Mr. R. Selvakumar, and Mr. V. Viswanathan, Research scholars, Centre of Advanced Study in Crystallography & Biophysics, University of Madras, Guindy Campus, Chennai, for their assistance in molecular docking studies and support.

I sumptuously express my splendid thanks to Dr. V. Sujatha, Assistant Professor, Mr. A. Kathirvel, Mr. A. Venkatesan, Research scholars and Mr. S. Prakash Department Chemistry, Periyar University for their valuable support in proofreading, antioxidant and spectral studies.

I express my valuable thanks to Mr. A. Kannan, Research scholar, Department of Chemistry, Madras University, Chennai and Dr. A. Silambarasan, SRM University, Chennai for their assistance in spectral studies.

I extend my special thanks to Tamil Nadu Forests Department, Government of Tamil Nadu, for grand permission to collect plant samples from Eastern Ghats of Tamil Nadu. I also
extend my sincere thanks to National Centre for Disease Control (NCDC), Coonoor for their support, valuable technical advice in mosquito larval culture establishment and maintenance. I am grateful to thank Institute of Microbial Technology (IMTECH), Chandigarh for their timely supply of microbial cultures. It’s my pleasure to acknowledge Sophisticated Analytical Instrument facility (SAIF), Indian Institute of Technology Madras (IITM), Chennai, for providing technical support in NMR and GC-MS analysis.

I am grateful to thank Botanical Survey of India (BSI), Coimbatore for plants identification, Interdisciplinary School of Indian system of Medicine (ISISM), SRM University, Chennai for LC-MS analysis, Archbishop Casimir Instrumentation Center (ACIC), St. Joseph’s College, Trichy and Department Physics, Periyar University for UV and FT-IR spectroscopy studies, South India Textile Research Association (SITRA), Coimbatore, for GC-MS analysis.

I extend my incalculable thanks to Late. Mr. A. Diraviadass for his great support in plants collection. I wish to express my fruitful thanks to Dr. N. Nagamurugan, Head, Department of Biotechnology, Kurinji College of Arts and Science, Trichy and Miss. C. Srividya, Research scholar, Department Chemistry, Periyar University for helping me with quick proofread and suggestions.

It is my huge pleasure to acknowledge all My Colleagues, current and previous M. Phil., and M. Sc., students of the Department of Biotechnology, Periyar University for their enormous support, providing a good atmosphere in the lab and fun filled environment. I will always cherish them for helping me to develop the scientific approach and attitude. I specially thank Mr. M. Dinesh (Assistant Manager, Kotak Mahindra Bank, Chennai), Mr. S. Gowthaman (GV Printpark, Salem), Mr. R. Yuvarajan, Mr. R. Ragavendran (Research scholars), Mr. T. Prabu, Mrs. M. Thilaga, Mrs. M. Mekala, Mrs. G. Reena and Miss. R. M. Rathai (M. Phil., Students, Natural Drug Research Laboratory, Department of Biotechnology, Periyar University) for their generous support, hard-work and cordial relationship.
I would like to thank Dr. T. Selvankumar, Head, Department of Biotechnology, Mahendra Arts and Science College, Kalipatti for his help, advice and encouragement during my research.

It’s my fortune to Submit my endless thanks for the support and generous care of Mrs. N. Sugantha and Baby N. Sadhviq. I would like to thank all my friends and well-wishers for showing constant love and support.

I also acknowledge the help and support rendered by Non-Teaching Staffs of the Department of Biotechnology, Periyar University for their secretarial help for my research. I am pleased to thank my school and college teachers, who laid seeds of enthusiasm and passion in my pursuit of knowledge.

I express my deep appreciations and thanks to Miss. A. Aruna, the one who was always there for me during the thesis writing, proofread, and give suggestions cheers, care, understanding and support. I am also extremely indebted to Mrs. J. Santhi and Mrs. V. Anbukarasi for their constant support and encouragement.

From the bottom of my heart, I extend my grate appreciations to Miss. A. Akila, Assistant Professor, Shri Sakthikailash Women’s College, Salem for her precious support, generous care and unconditional love. She was always beside me during the happy and hard moments to push me and motivate me.

I express my immeasurable thanks to My Mom and Dad who sacrificed their lives only for me and provided greatest support, passion, good understanding, unconditional love, care which made this thesis possible. Last but not the least, I thank all people who had helped and gave suggestions in each and every step of my project work to accomplish successfully.
