CONTENTS

CHAPTER I : 
INTRODUCTION
A Review on Analytical Applications of coumarins. 1 – 8

CHAPTER II :
Principles of Spectrophotometry. 9 – 23

CHAPTER III :
Section (I) : Objectives and Present Investigation 24 – 35
Section (II) : Preparation of reagents and solutions.
Section (III) : A brief description of the instruments employed in the present investigations.

CHAPTER IV :
Studies on iron (III) and 4-methyl, 7-hydroxy, 8-formyl coumarin system. 36 – 58

CHAPTER V :
Studies on Copper (II) and 4-methyl, 7-hydroxy, 8-formyl coumarin system. 59 – 79
