ACKNOWLEDGEMENT
I wish to express my heartfelt gratitude and sincere thanks to my mentor and supervising guide Dr. Ramadasan Kuttan, Ph.D Research Director, Amala Cancer Research Centre for providing an opportunity to work under him and also for giving a wonderful topic for my work. I will remain indebted forever to him for his guidance, keen interest, constant support, supervision, inspiration, infinite patience, criticisms and affection throughout the period of the study. I am very much privileged to work under him.

I am highly indebted to Dr. Girija Kuttan, Professor, Dept Immunology, Amala Cancer Research Centre, for her help, advices and constant support and inspiration throughout the time. I am grateful for her presence, timely clarifications and useful suggestions.

I wish my sincere thanks to Dr. Jose Padikkala, Professor, Amala Cancer Research Centre for their support, help and suggestions.

I wish to thank Dr. C. K. K. Nair and Dr. K. K. Janardhanan Professors, Dr. P. T. Annamalai, and Dr. C. I. Jolly, former Professors, Amala Cancer Research Centre for their help.

My sincere thanks to Padmabhooshan Rev. Fr. Gabriel CMI, Founder Director, Rev.Fr. George Pius CMI, Director and Rev.Fr. Walter Thelapilly, Former Joint Director, Amala Cancer Hospital and Research Centre, for permitting me to carryout the work here.

I would like to express my sincere gratitude to Dr. G. Krishnan Nair, Head, Dept. Microbiology, College of Veterinary and Animal Sciences, Mannuthy for his help, providing the EDS76 virus sample and allowing us to use the photographic facilities.

I would like to express my sincere thanks to Dr. Prof. P. Vijayan, Head, Dept. Pharmaceutical Biotechnology, JSS College of pharmacy, Ooty for providing the Poliovirus.

I would like to express my sincere gratitude to Dr. Yaccov Ben-David, University of Toronto, Canada for providing the Friend’s leukemia virus.

I am really thankful to Dr. R. Krishnakumar and Dr. S. Sreelatha, scientists, Rubber Research Institute of India, Kottayam for allowing me to use the spectrofluorimetric facility.
I wish my sincere thanks to Dr. Ruby John Anto, Scientist, Rajiv Gandhi Centre for Biotechnology, Thiruvananthapuram for her help in apoptotic studies.

I express my sincere thanks to Dr. V. Ramnath, Asso. Professor, Dept. Physiology, College of Veterinary and Animal Sciences, Mannuthy for all his help and suggestions throughout the period of my study.

I am also thankful to Dr. V. K. Lalitha, Head and Dr. N. D. Nair, Asso. Professor, Dept. Pathology, College of Veterinary and Animal Sciences, Mannuthy and Mr. Alphons Rodriguez, Dept. Pathology, Amala Institute of Medical Sciences, Thrissur for their help in histopathological evaluations.

I am thankful to Mr. M. Muthuvel, Radiation Safety Officer and other members of Dept. Radiotherapy for their help in radiation studies.

I am thankful to all my friends and colleagues at Amala for their constant and continuous support, critical suggestions and help throughout the time and a special word of thanks to Dr. B. Hareesh Babu, Dr. C. Manesh, Dr. K. S. Sreekanth, Dr. T. A. Ajith, VR Vineesh, P Thejass, Sheeja T Tharakan, CC Lini, KC Preethi, M Swarnam Joseph, CG Preetha and C Nimita Venugopal.

I am thankful to Ms. Thankamani, Animal house assistant for her help in the maintenance and breeding of animals.

I am grateful to Indian Council of Medical Research, New Delhi for providing financial assistance in the form of Senior Research Fellowship.

My heartfelt sincere thanks to Dr. Avinash Upadhyay, Director, Hislop School of Biotechnology, Nagpur for creating research interest in me and for his proper orientation, suggestions and help.

My heartfelt sincere thanks to my dear parents, my uncle and all my family members for their supports, prayer and advices and for all the things they are doing for me.

Above all I bow my head to God Almighty for taking care of me.

(HARI KUMAR. K. B)
TABLE OF CONTENTS
Abstract i-iv
Preface v-x
List of tables xii-xiii
List of figures xiv-xvi
List of abbreviations xvii-xix
Chapter 1
Review of literature 1-37
Chapter 2
Materials and Methods 38-56
Chapter 3
Antiviral activity of Phyllanthus amarus, Berberine,
Curcumin and Picroliv 57-66
Chapter 4
Inhibition of Friend virus induced erythroleukemia in
mice by Phyllanthus amarus, Berberine, Curcumin
and Picroliv 67-79
Chapter 5
Induction of apoptosis by Phyllanthus amarus
with possible mechanism of action 80-91
Chapter 6

Amelioration of radiotherapy and chemotherapy

associated toxicities by Phyllanthus amarus in mice 92-107

Chapter 7

Effect of Phyllanthus amarus on drug metabolizing enzymes 111-120

Summary and Conclusion 117-123

Bibliography 124-153

List of publications 154-156
