LIST OF TABLES

Table 3.1  Duration of developmental stages of *P. damastesalis* in different seasons.
Table 3.2  The duration of *P. damastesalis* larval instars while feed on leaf maturity stages.
Table 3.3  Duration of developmental stages of *C. leayana* in different seasons.
Table 3.4  The duration of *C. leayana* larval instars on leaf maturity stages.
Table 3.5  Duration of *E. undata* larval instars on leaf maturity stages.
Table 3.6  Consumption potential of the larvae of *P. damastesalis* on leaf maturity stages.
Table 3.7  Diurnal consumption of leaf maturity stages by the larval instars of *C. leayana*.
Table 3.8  Consumption potential of *E. undata* larval instars on leaf maturity stages.
Table 3.9  The generation duration of *P. damastesalis*.
Table 3.10 The generation duration of *C. leayana*.
Table 3.11 Density of larval instars of *P. damastesalis*.
Table 3.12 Density of larval instars of *C. leayana*.
Table 3.13 Density of larval instars of *E. undata*.
Table 3.14 Results of correlation between density of *P. damastesalis* and climatic factors.
Table 3.15 Results of correlation between density of *C. leayana* and climatic factors.
