Appendix
1. LC and LC-MS/MS study of forced decomposition behavior of anastrozole and establishment of validated stability-indicating analytical method for impurities estimation in low dose anastrozole tablets – Journal of Pharmaceutical and Bio-medical Analysis. **Article in Press at EL SEVIER**

5. Development and validated stability indicating related substances test method for Letrozole 2.5mg tablets by HPLC - Indian Journal of Pharmaceutical Sciences. **Communicated.**

Dear Ramachandra Reddy

Re: Regulatory requirement - Validated, specific and stability indicating analytical method for Zoledronic acid and its related impurities by Ion Pair-Reversed Phase Liquid Chromatography (IP-RPLC)

Production tracking number: LJLC 418949

Your paper for Journal of Liquid Chromatography & Related Technologies has been received by the Taylor & Francis production department. Contact details for the assigned production editor are listed below.

If available, a projected date of proof distribution is provided on the author page. You will receive another e-mail when your proof is ready for correction.

Please print and sign the attached copyright form and send or fax it back to the address given at the end of this email.

Yours sincerely,
Sarah Landis
Production Editor
