Acknowledgement

I am more than happy to acknowledge my sincere indebtedness and profound sense of gratitude to my supervising guide, Dr Jose Padikkala Ph.D, Assistant Research Director, Amala Cancer Research Centre, Thrissur, for his untiring supervision, limitless support and critical, valuable suggestions during the course of work of the present investigation and preparation of the thesis. I am indebted to him throughout my life.

I am indebted forever to Dr Ramadasan Kuttan, Research Director, Amala Cancer Research Centre, providing the necessary facilities, valuable suggestion, and critical comments during the course of my research work.

I express my sincere thanks to Rev. Fr. Gabriel CMI, founder Director, Rev. Fr. Pius, Managing Director, for permitting me to do the research work.

I am conveying my sincere thanks and gratitude to Dr. Girija Kuttan, Professor, for extending the helps towards me for the successful completion of the present work.

I am thankful to Dr Janardhanan, Professor, for the valuable helps during the work.

I am also thanking to Dr. CKK. Nair, for his critical comments and suggestion during the work.

I am very much thankful to my dear colleagues for their kind cooperation during the last years. A special word of thanks to Fijesh PV, Jaimsha VK and Sudha KS for their helps extended to me when I am in need.

I am happy to remember and acknowledge my senior fellows Jisha KG, Babu TD and Hareesh Babu for their suggestions during the research.

I am expressing my love and gratitude to all my friends in AMALA

I am thankful to Dr. KP Martin, Research Associate, Calicut University, for helping me during the course of my research.

I am very much thankful to Dr. KP Madhusoodhanan Deputy Director, CDRI, for helping to do the spectral analysis. Mrs Beena, Mr. Mohan IIT, Dr Suseela, Dr Anandan, CIFT, Matsyapuri are also acknowledged in this occasion for helping me to do mass spectral analysis. I am thankful to Dr. Riju Davis, Mainz University, Germany, for the comments over spectra.
I am very much thankful to Dr Krishnan Nair, Head, Dept of Microbiology, for allowing me to use the fluorescent microscope to take the photographs.

I am happy to express my deep love and gratitude to my parents and brothers for their constant encouragement and freedom given to me for the successful completion of my PhD course.

Above all I kneel down with bowed head before the Almighty God for all the showers of blessings upon me.
