ACKNOWLEDGEMENTS

It is with immense pleasure, I avail myself of this opportunity to place on record my deep sense of gratitude to Dr. M. S. Murty for suggesting the problem, "The Granites and the associated rocks of Podili and Kanigiri Areas, Nellore District, Andhra Pradesh, South India", for my doctoral work, for guidance, help, encouragement and for passing constructive criticism throughout the progress of the investigation.

Grateful thanks are due to Dr. M. G. Chakrapani Neidu, Professor & Head of the Department of Geology, for recommending me for the Government of India Research Training Scholarship and for providing laboratory facilities.

Dr. K. L. Narasimha Rao and Mr. Y. V. Subba Rao kindly extended their cordial help in the finalisation of the thesis, to whom I express my heartfelt thanks.

Drs. R. Jagadiswara Rao, E. A. V. Prasad, C. V. R. K. Prasad and Nesaras. A. Ramaswamy, A. Kripaendhi and other colleagues in the department helped me in various aspects of the work. Dr. P. Venkateswara Rao of the
Zoology Department helped in taking the photomicrographs. I express my sincere thanks to them.

I enjoyed the financial assistance, offered by the Government of India by way of the Research Training Scholarship. It is my pleasant duty to express my indebtedness to the Government of India.
