List of Figures

Figure 2.1: Worldwide Total Net Assets of Mutual Funds................................. 13
Figure 2.2: Worldwide Total Net Assets of Mutual Funds by Type of Fund.............. 15
Figure 2.3: Worldwide Total Net Assets of Mutual Funds by Country.................. 16
Figure 2.4: Worldwide AuM Composition Treads and CAGR .................................. 18
Figure 2.5: Worldwide AuM Trend and CAGR ...................................................... 19
Figure 2.6: AuM Growth Trend in India ............................................................... 22
Figure 2.7: AuM in India by Geography in 2014 .................................................. 25
Figure 2.8: AuM in India by Investment Type in 2014 ......................................... 25
Figure 2.9: Break up of AuM by Investor Type in 2014 ....................................... 26
Figure 4.1: List of Mutual Fund Attributes under study ........................................ 73
Figure 4.2: No. of Mutual Fund Schemes under study ........................................ 80
Figure 5.1: Descriptive Statistics of the combined data set for ten years ................. 83
Figure 5.2: Multi-Collinearity Check ................................................................. 85
Figure 5.3: Correlation between the independent variables .................................. 86
Figure 5.4: Pooled OLS model Vs. Fixed Effects Model ....................................... 88
Figure 5.5: Pooled OLS Model Vs. Random Model Vs. Fixed Effects ................. 89
Figure 5.6: Summary of Results of Panel Data Regression Analysis for all ten years .... 90
Figure 5.7: Summary of Results of Regression Model fitness for all ten years ............. 91
Figure 5.8: Summary of Results of t-statistics for all the variables for all ten years ...... 100
Figure 5.9: Summary of Results of panel data regression for Age Effect ................. 102
Figure 5.10: Summary of Results of Portfolio Composition Effect ....................... 103
