Acknowledgements

I am deeply indebted to my teacher Dr. S. Devanarayanan, Ph.D. (IISc), D.Sc. (USA), D.I.P (Uppsala), FICC, the Professor and Head, Department of Physics, University of Kerala, Kariavattom for the unceasing and perfect guidance and encouragement given to me during my entire research tenure. His everready attitude to extend help has made my work all the more easier.

I feel obliged to thank Dr. Varghese M. Mathunny, Principal, St.John's College, Anchal and the teaching staff of the college for the encouragement and help rendered to me during the course of this work.

I record my heartfelt thanks to Dr. V. Unnikrishnan Nair, the Professor and Head, Department of Optoelectronics, and to Dr. G. Aruldas, former Professor and Head, Department of Physics, University of Kerala, for their encouragements. It also gives me great pleasure in thanking all the faculty members of the Department.

I sincerely thank from the bottom of my heart Dr. Daizy Philip and Dr. I. Hubert Joe, Lecturers, St.John's College, Anchal, and Dr. Bindu Gopinath A. for the support and help they have extended to me during the entire course of my research.

I owe my gratitude to Dr. M. Watanabe (Japan), Dr. Keith R. Morgan (New Zealand), Dr. Z. Zdravkova (Bulgaria), Dr. A. Cabeza (Spain), Dr. Nobert Stock (Germany) and Dr. Abdullah Khaoulani Idrissi (Morocco) for providing me the samples used in this investigation. I thank Dr. G. Keresztury (Hungary) for recording the polarized Raman spectra of the crystal. I also thank the Director and Miss. Baby C., Scientific Officer, IIT Madras, for their immense help in recording the spectra reported in this work.

The co-operation received from all the research scholars and the non-teaching staffs of the Department of Physics, University of Kerala, Kariavattom are thankfully acknowledged. The unwavering support and cooperation rendered by my family members especially my husband, parents, sisters and brother kept alive my spirit and were a true source of strength to me. I also thank Sherine, my cousin for all the help rendered during the course of compiling this thesis.

My most humble thanks to the Almighty for strengthening my spirit throughout the research and for leading me to success in my work.

Annamma John
