ACKNOWLEDGEMENT

It is the moment of gratification and pride to look back with a sense of contentment at the long travelled path. It gives me immense pleasure to recapture some of the finest moments, to recall a number of people, few of them were with me right from the beginning and many of them joined me at different stages during the journey, but for whose kindness, love and blessings has brought me to this day. I wish to thank each of them from the bottom of my heart.

First and foremost I bow my head humbly before ALMIGHTY GOD formaking me capable enough to fulfil my dreams. Thou art merciful in enabling me a dream and giving me strength enough to realise it in coming future.

I bow my head with absolute respect and hearty convey my greatest gratitude to my research guide and Guru, most respectable Prof. JAYESH J. MODHA, who has helped me not only in every stage of my research work with great patience and enthusiasm but also shaped my academic profile. His guidance and support made my journey more easy and comfortable. I am much indebted to him for his generosity and everlasting supportive nature throughout the tenure of my research work.

I would like to bow my head with utter respect and convey my pleasant regards to my most adorable parents- Mr. Hemantlal D. Thanki , Mrs. Meeraben H. Thanki and My Grand maa- Late. Mrs. Premilaben for giving me permission, chance and facility to fulfill my dream. They made my dream their own, realized my each and every feeling during the research work. Their courage, enthusiasm, constant support, faith in me and blessings has enabled me to let them visualize their dream; about me attaining education of this level. I am equally thankful to my dearest elder brother Mr.
Hiren Thanki, my sister Nishadidi, Jijaji Nileshkumar Rajyaguru for their love and affection which led me stand with high head. I would love to cherish prince Sagar at this point of time in my life. I am also thankful to my uncle Dr. Karshanji Thanki and all other family member for the caress they have always shown for me.

I am thankful to Dr. C. G. Joshi, former Principal, Maharshi Dayanand Science College, Porbandar for encouraging me to pursue this programme by promising possible facilitations. Thanks are due for all the members of Chemistry department for the warmth and elderly caress they showed during the tenure of my work. This includes Dr. Atul Bapodara, Dr. Atul Rojivadiya (HOD), Prof. L. M. Vaghela, Mr. Anirrudhsinh Solanki (Laboratory assistant), Mr. Mahesh Solanki (peon), Tankbhai (Electrician), Prof. D. G. Joshi, Dr. B. A. Jadeja, Bharatbhai, Pareshbhai, Gautambhai and last but not the least Ms. Preeti Gokalgandhi (Clerk) who never let me feel lonely in the campus. I am also Thankful to the management of Navyug Education Society, Porbandar for providing all necessary facilities to accomplish my research work.

Life becomes a joy when you have a good companion. Similarly, study becomes memorable if you could make a friend who has lend you a shoulder during the struggleful days of the journey. A special thanks to my research colleague, Mr. Dhaval V. Hingrajia, for his co-operation and support during the entire research work. I am also obliged to him for rendering me a help in printing-binding work of my thesis. I am thankful to Namera Dipti, who supported me in final phase of my research work. I am also thankful to Kishor kavadiya, Krunalbhai, Yashvant, Bhavin, Vicky, Devang, Rupali, Rima, Jabal Thanki, Ankur, Arun, Tamanna and Ashish for their kind help.
A word of thanks also for those without whose support every journey seems incomplete - friends. I am really thankful to all my friends for their moral support. Manisha, Manisha, Dipa, Khyati, Kinjal, Pooja, Hemal, Rupa, Nilesh.

I am also thankful to my Teachers Mr. Chintan Mehta, Mr. Satyam Vora and Mr. Rajesh Makad for pioneering my career.

I am specially thankful to Dr. R. C. Khunt, Dr. Y. T. Nalyapara and Dr. Vipul katariya for their support in starting phase of my research journey.

I am grateful to NFDD, Department of Chemistry, Saurashtra University Rajkot for $^1$H NMR, Elemental analysis, Mass, IR and XRD analysis. My Sincere thanks to Research gate, which provides information to lots of researchers like me about where to do biological screening. I am thankful to Dr. Mark Blaskovich and Dr. Alysha Elliot, Research officer, the institution for Biosciences, University of Queensland, Australiya for antibiotic study of the synthesized compounds.

Lastly I would like to thank each and every one who helped me directly or indirectly during this wonderful and lots of experience gaining journey.

I once again bow my head before almighty that facilitated me at every stage of my life and enabled me realize my dream.

Pragna H. Thanki
