List of presentations:

List of publications/Communications:

- ‘Pelletized nanosuspension for solubility enhancement of cefpodoxime proxetil’ to Asian J Pharmaceutical Sciences

- ‘Investigation of nanoporous colloidal carrier for solubility enhancement of cefpodoxime proxetil’ to European J Pharmaceutical Sciences

- ‘Nanocrystals containing tocopherol polyethylene glycol succinate for solubility and bioavailability enhancement of Telmisartan’ to International J Pharmaceutics

- ‘In vitro and in vivo evaluation of β- cyclodextrin based nanosponges of telmisartan’ to J Inclusion Phenomena & Macrocyclic Chemistry

- ‘Self nanoemulsifying microspheres of cefpodoxime proxetil for enhancement of oral bioavailability’ to Drug Development & Industrial Pharmacy
