ACKNOWLEDGEMENT

This work has been completed under the joint guidance of Dr. Saranaathan, S.E. Senior Assistant Professor, School of Civil Engineering, SASTRA University, Thanjavur and Dr. R. Anbalagan, Professor, Department of Earth Sciences, Indian Institute of Technology, Roorkee. The author wishes to register his heartfelt thanks and deep sense of gratitude for their complete involvement, invaluable guidance, perennial encouragements and inspirations.

I profoundly express my gratefulness to the Honorable Vice Chancellor, Prof. R. Sethuraman, the Registrar Dr. G. Bhalachandar and Dr. S. Sshedri, Dean, School of Civil Engineering, SASTRA University for permitting me to do the project by providing necessary facilities whenever needed and consistent encouragement for succeeding the work.

The author profoundly expresses his gratefulness to the Dr. S. Swaminathan, Director, CenTAB, SASTRA University, Thanjavur, and Dr. K. Thiyagarajan, Research Dean and Dr. R. Chandramouli, Research Associate Dean for permitting my registration at the SASTRA University, Thanjavur as an external Ph.D scholar and providing institutional facilities to carry out the research work.

I wish to place in record my sense of gratitude to Er. S, Baskaran, Divisional Engineer, National Highways, Madurai, Er. A. Kumanan, Assistant Divisional Engineer, Er. P.K. Thirukumaran, Assistant Engineer, Bodi-Bodimettu Ghat section, and Mr. A. Ponram, T.A., National Highways – Sub division, Theni for providing guidance about the critical chainage and inexpressible helps at various stages during the field work.

I am deeply indebted to Dr. V. Rajesh Kumar, Principal, Achariya college of
Engineering Technology, Puducheery, for his valuable suggestions and help during the study of this work.

I extend my thanks to my external committee members Dr. A.S.K. Nair (Retd.), Department of Earth Sciences, CESS, Tiruvandrum and Prof. S. Baskaran, HOD, Department of Earth Sciences, Tamil University, Thanjavur, and internal committee members Dr. R. Neelakantan and Dr. S.K. Chaturvedi, School of Civil Engineering, SASTRA University, for his extreme cooperation during the period.

The author profoundly expressed his gratefulness to the agreements and inspirations.

We would like to thank the public in the study area for giving kind cooperation during the investigation.

Last but not the least, we thank all others those who were involved in the project directly or indirectly.

I would like to extend my sincere gratitude to my family, especially to my parents, sisters, wife and son for supporting me throughout this whole endeavor. I would not have gone so far without their support and encouragement.

At the last, my sincere thanks to all my friends who have patiently extended sorts of help accomplishing this assignment.
