Acknowledgement

First and foremost I offer my sincerest gratitude to my esteemed supervisor, Dr. Neeraj Kumar Aggarwal, Sr. Assistant professor, Department of Microbiology, Kurukshetra University, Kurukshetra, for his expert guidance, constant encouragement, polite behavior and ever-willingness to help during the course of my study and critical appraisal of the manuscript. Without his keen interest and deep involvement, my thesis could not have seen the light of the day. It is my singular honour and privilege to thank my revered supervisor who extended unstinted cooperation, guided and supervised the entire research work and helped me with his deep insights when, at times matters seemed to slip out of hand. He was readily available whenever required; Infact words appear frail in articulating my gratitude to him.

I am grateful to the Vice Chancellor and Registrar, Kurukshetra University, Kurukshetra for providing me all necessary amenities for the smooth running and successful completion of my doctoral program. I am also grateful to the Dean, Faculty of Life Sciences, Prof. V.K. Gupta and Ex. Dean Prof. Girish Chopra for their kind interest and cooperation. I wish to extend my sincere thanks to (Mrs.) Dr. Neelam Garg, Chairperson, Department of Microbiology, Kurukshetra University, Kurukshetra for her kind cooperation, instructions and encouragement.

Very special thanks to all the faculty members in the Department of Microbiology, Kurukshetra University, Kurukshetra for their extending their cooperation, necessary help and criticism during the completion of the study. They encouraged and inspired me tremendously.

It is great privilege for me to express my esteem and profound sense of gratitude to (Mrs.) Dr. Anita Yadav for their detailed suggestions, encouragements, inspirations, care and supportive attitude.

I shall be failing in my endeavors for not recognizing and acknowledging the help and support received from the non-teaching staff of the Department Dr. Subhash Chaudhary, Sh. Prem Singh, Sh. Umed Singh, Sh, Hriday Ram and Mr. Savan for their contributions to see this work as a success.

I wish to extend my sincere thanks to my respected senior, friend, lab- associate, Dr. Gulab Singh Yadav for extending his continuous cooperation, research assistance, moral support and valuable help as and when required. I am also thankful to my other lab-mates (Arpana Mittal, Varsha Goyal, Anita Saini, Anuja Sharma) for providing research assistance, useful approach and cordial environment in the laboratory. I can never forget the moments of share and enjoyment spent with my dear friends Dr. Shiv Giri, Dr. Anil Kumar, Dr.
Chetan Sharma, Parveen, Romika, Pankaj Jiloha, Vikas Meashi, Deepansh Sharma, Manish Misra, Monika Yadav, Mh. Aftab, Somya Panwar, Alka Chauhan and Mafi Panwar.

I express my abysmal adoration and heartfelt devotion to my beloved parents (My Father, Sh. Dilbag Singh Bhuwal and Mother, Smt. Kamlesh Bhuwal) for their love, countless blessings, affection and incessant inspiration that always has been the fighting power for me against the odds and shape my life and career till today. Mere words won’t be able to express my feelings for my loving sisters (Tony Bhuwal, Nitu Bhuwal) for their unparallel affection, persistent care and invaluable support. At the end I would like express appreciation to my beloved husband (Amit Gahlawat) for his constant encouragement and moral support.

Last but not least, I would like to give my special appreciation to the unseen power that has always been a source of my confidence, inner peace, strength, blessings and providing me the opportunity to step in the excellent world of science. I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.
