Acknowledgements

It gives me great pleasure to express my gratitude to my research guide Dr. P. D. Lokhande, Reader, Department of Chemistry for his astute guidance, invaluable suggestions and keen criticism while carrying out the present work. His enduring passion, moral support and help out of the way led me to overcome all the difficulties I encountered during this endeavor. I am certain that the guidance and training and provided by him has laid a foundation for future success.

It is my privilege to thank Prof. Dr. D. D. Dhavale, Head of the Department and Prof. Dr.(Mrs.) R. S. Kusurkar, Prof. Dr.(Mrs.) M. Dikshit, Former Head of the Department for extending the use of departmental facilities and for permission to submit this work in the form of a thesis. I am also thankful to Dr. M. D. Nikalje, Prof. A. K. Nikumbh for their help and encouragement.

The work would not have been complete without the help provided by the analytical groups. My sincere thank to Mrs. J. P. Chaudhari, Mr. A. P. Gadgil and Mr. D. S. Shishupal for providing spectral analysis.

My special thanks to lab-friends Abdul R. Ali Abdulkarem, vivek T. Humne, Anirudha Chabuksar, Beena Nawaghare, B. Vasantrao Pawar, Mahendra Lokhande, and others for their cheerful co-operation and help in every aspect throughout this work. My warm thanks are due to my other friends in department for their cooperation and help.

Finally, no words can express the feelings towards my daughter Kaziva and family members for their help an encouragement.

Kamal Hasanzadeh
