Acknowledgements

I thank Almighty God for granting me the wisdom, health and strength to undertake this research task and enabling its completion.

I thank Dr. Kirandeep Singh (Associate Professor, Department of Education, Panjab University, Chandigarh) from the core of my heart for supervising my research work. I appreciate her spirit of dedication, sincerity and meticulousness. Her dexterity in research methodology and her quest for excellence in every aspect of research have genuinely impressed me and have a strong bearing upon this work.

I would like to thank Chairperson Dr Vandana Mehra and other research committee members for their encouragement, insightful suggestions and support.

I will be failing in my duty if I forget to acknowledge the contribution of all the respondents, who spared their precious time for filling the questionnaires and answering my queries.

My work would not have been possible without the rich academic resources available at A C Joshi Library, Punjab University (Chandigarh), Bhai Gurdas Library, Guru Nanak Dev University (Amritsar) and PAU Library (Ludhiana). I also acknowledge the support of online resources accessed through Sage, Proquest, EBSCO, Science Direct and Emerald.

I am thankful to all authors and researchers whose work I have used and quoted. I have taken due care to acknowledge all works but would like to thank anyone who is missed inadvertently.

My family has been a great support all through this journey. I thank my mother (Mrs Usha Sharma), father (Sh. Bushan Kumar Sharma), mother-in-law (Mrs Swarn Vij) and father-in-law (Late Sh. Nand Lal Vij) for always believing in me, continuous encouragement, love and support in my endeavours.

My kids - Niyti Vij and Dhirain Vij - thank you for cheering me up during this project - both in person and in spirit.

I am grateful to Dr Ritika Sharma, Mr. Akash Gautam and Mr Rayees Farooq for their support. Last but not the least; I salute my husband Dr. Sandeep Vij for his incessant motivation and encouragement.

Rajnish Sharma
