ACKNOWLEDGEMENTS

I would like to owe my sincere gratitude for the contributions of many people in different ways that made it possible to complete the doctoral degree. I would like to extend my appreciation to all who helped me to complete my research successfully.

I thank the Almighty for the wisdom and perseverance that He has bestowed upon me during the research period and indeed throughout my life.

I wish to thank the authorities for giving me an opportunity to pursue my Ph.D in this esteemed institution. I extend my gratitude to Dr. S. Velusami, Dean, Faculty of Engineering and Technology and Dr. V. Ramalingam, Head, Department of Computer Science and Engineering, for their encouragement and support.

Foremost, it gives me immense pleasure to thank my mentor and supervisor Dr. P. Aruna, Professor, Department of Computer Science and Engineering, for her continuous guidance, meticulous suggestions, astute criticism and inexhaustible patience during the period of my research. I gratefully acknowledge her motivation, enthusiasm and immense knowledge to hold a high research standard with her scholarly advice and thought provoking discussion in each stage of research.

I owe sincere thanks to Dr. D. Loganathan, Co-Guide, Professor & Head, Department of Computer science and Engineering, Pondicherry Engineering College, Puducherry, for his valuable guidance and advice during this course of study. I am profoundly grateful for the discussion of the technical details of my work.

I would like to thank the doctoral committee members Dr. Rm. Chandrasekaran, Director, Directorate of Distance education and Dr. R. Bhavani, Professor, Department of C.S.E, for their encouragement and insightful comments.
My special thanks to Mr. N. Puviarasan, Associate Professor, Department of C.S.E, Annamalai University for his valuable comments and constructive criticisms. I am also grateful to Prof. B. Palaniappan, former Dean, Faculty of Engineering and Technology and Head, Department of C.S.E, for his support and help.

I wish to thank and gratefully acknowledge Dr. Ramesh Kumar M.D., (R.D), Professor and Head, Department of Radiology, Sri Manakula Vinayagar Medical College and Hospital Madagadipet, for the guidance in the medical field and also the help rendered in collecting data.

I would like to thank my fellow researchers, my friends and well wishers for their suggestions and timely help. I also thank all teaching and non-teaching staff of the Department of C.S.E, who directly or indirectly helped me to complete this thesis.

Most importantly, everything is made possible with the love and patience of my family. I wish to express my esteem gratitude and respect for my parents for their continuous encouragement, valuable advice, prayers, concern and strength throughout my life especially during this course of study. I also thank my father- in- law and mother- in- law for their support.

I am also grateful to my beloved husband, Dr. J. Sriman Narayanan, Assistant professor in Agricultural Microbiology, Annamalai University and my affectionate daughter S. Karpagapriya for their understanding and forbearance during the course of my study to make my dream come true.

I would like to offer my special thanks to my sisters Dr. C. Jayanthi, Er. C. Sivapriya and brothers-in-law Dr. P. Damodara Kumaran and Er. Srinivas Ashokkumar for their boundless help, constant support and valuable suggestions during this period.
