ACKNOWLEDGEMENTS

On completion of this long journey by the grace of God, I sincerely want to acknowledge and express my gratitude and appreciation to all those who guided, motivated, and supported me throughout and illuminated my path towards a cherished destination which have been highly stimulating, rewarding and has proven as a span of learning and gaining insight into the world of realms.

Even the encyclopedias or the dictionaries of this universe could not give me the appropriate words to express my gratitude to my esteemed supervisor; Dr. V.V.Upmanyu, Professor, Department of Psychology, Panjab University, Chandigarh- India; for his soft, polite and analytical supervision. Without his direction, this venture would have no existence.

My heartiest thanks are due to Indian Council of Social Sciences and Research (I.C.S.S.R) New Delhi and Chandigarh., who always rendered all related help and assistance during this research work.

I am highly indebted to Dr. Sushma Upmanyu, for invaluable help and encouragement during the planning and completion of this study.

My sincere thanks are indebted to Dr. Harpreet Kanwal Chhabra, Chairperson, Department of Psychology, Panjab University, Chandigarh for providing the necessary directions, facilities and a constant support.

I bow my head in the feet of my father Late Sh. Sewa Ram Gauri, my mother Smt. Sandhya Gauri for showering their blessings for keeping me in high esteems throughout my work.

This research is the reality of all support provided by my loving wife Mrs. Indira Gauri. Who in spite of great difficulties in life remained a source of emotional support and encouragement throughout my work and without her support it would have been impossible for me to complete this research work. She stood by me in every moment till it completed.
I am indebted to Pragya and Kartikay, my kids, for giving me their time spent on this work. Almighty bless them all for this prestigious deed. I am grateful to them.

I am thankful to my friends Ravinder Yadav (PGI), Raghubir, Suresh, Simmy and younger brothers Sanjay Gauri, Vijay Gauri and Jitender Gauri for their timely help and cooperation.

I duly acknowledge the gratitude to Dr. Dwarka Persad Additional Professor (Retd) PGIMER and heads and staffs of Neuropsychiatry centre sector 23-B, Chandigarh, Civil Hospital Manimajra, Department of Dermatology, Antiretroviral Therapy centre (Department of Internal Medicine), Blood bank (Department of Transfusion Medicine), Post Graduate Institute of Medical Education and Research (PGIMER), Department of Psychiatry, Government Medical College and Hospital sector 32 and Chandigarh Child and Women Development Corporation for facilitating me.

I place on record my gratitude for the principals, teachers and students of Haryana, Punjab, Himachal and Chandigarh, who provided the basic data for this cross cultural research and made this work possible. Without their help, it would have been difficult for me to complete this research work.

Finally, I would like to thank all those who helped me directly or indirectly in carrying out this task and finishing the journey I was on, but I have not mentioned by name.

"I could not have done this work without you"
