I consider it my privilege to get this opportunity to express my deep sense of gratitude to professor D.D. Nautiyal who has been a great source of inspiration and whose valuable suggestions, constant encouragement and guidance have helped me throughout the course of the present study.

I am extremely grateful to professor D.D. Pant, F.L.S.,F.N.A., former Head, Department of Botany, University of Allahabad who has shown a keen interest in my work and has been kind to allow me the use of his personal library and who is always a guiding spirit.

I would also like to thank the Head of the Department of Botany, University of Allahabad for providing the laboratory facilities.

I take this humble opportunity to express my deep sense of gratitude to professor D.P. Agrawal, former Chairman, Continental Palaeoclimatic Studies Area, Physical Research Laboratory, Ahmedabad who actually inspired me to take up the present archaeobotanical and palaeoclimatic studies. I would also like to thank him and the members of the Palaeoclimatic study group of Physical Research Laboratory, Ahmedabad for providing me the lake cores from Manasbal and Mansar for the present study. For providing the $^{14}\text{C}$ dates of the lake cores I am thankful to Dr. Sheela Kusumgar of the P.R.L. Ahmedabad.

My sincere thanks are also due to Dr. R.S. Tiwari, Former Director, Birbal Sahni Institute of Palaeobotany, Lucknow for allowing me the use of laboratory and library facilities of the Institute. During my stay at B.S.I.P. I was greatly benefitted by the discussions I had with Dr. H.P. Gupta and the
help and cooperation which I received from him and the scientists of his laboratory in the identification of polynomorphs.

I am specially thankful to Professor B.K. Verma, Head of the Department of Botany, University of Allahabad for his kind assistance in the identification of the herbarium material of the Kashmir flora and in preparing the pollen key.

I am thankful to Professor G.K. Srivastava, Dr. D.R. Misra, Dr. P.K. Khare, Dr. (Mrs) Nupur Bhowmick, Dr. (Mrs) Manju Sahney and Dr. D.K. Chauhan for their help in various ways during the execution of the present investigation.

My sincere thanks are also due to Dr. S.P. Tiwari, Dr. R.S. Pandey, Dr. S.K. Chaturvedi, Dr. (Ms) Rita Singh, Dr. P.C. Srivastava, Dr. (Mrs) Shonali Chaturvedi for their ever ready help.

To my friends and laboratory colleagues among whom I would like to mention the names of Dr. S.P. Tripathi, Dr. Anil Shukla, Dr. P.K. Shukla, Dr. (Mrs) Manju Srivastava, Dr. (Mrs) Meena Rai, Dr. (Mrs) Rohini Sahni, Dr. (Ms) Achala Srivastava, Mrs Ghazala Khan, Mrs Sangeeta Agrawal, Shri. H.N. Misra and Shri. Lalji Singh I am obliged for their help in various ways.

I must also thank Mrs. Chhaya Nautiyal, Director, English Language Teaching Institute, Allahabad for her kind hospitality and encouragement.

For help in matters related to photomicrography and stores I am thankful to Shri. Nalin Joshi, Shri. G.D. Joshi, Shri. H.C. Joshi, Shri. Mohan Joshi and Shri. Bhola Nath.

I appreciate the help rendered by Shri. Ramagaya Mishra, Shri. Avdesh Mishra and Shri. Jeet Lal in providing library facilities.
The financial support received from the Indian Council of Historical Research (ICHR) is gratefully acknowledged.

I owe a debt of gratitude to my mother and my in-laws without whose support and blessings it would not have been possible to complete the present work. Last but not the least I must express my gratitude to my husband Shri. Sunil Gupta who not only inspired me to continue my academic studies after marriage but also provided me every help and looked after my little son Revant leaving me to do my laboratory work.
