## CONTENTS

CHAPTER-I
INTRODUCTION

1. Introduction .................................................. 1
2. Importance of Education ................................. 3
3. Self-confidence .................................................. 4

3.1 Teachers instilling self-confidence in their students .......... 6
3.2 Parental impact of student self-confidence .................. 6

4. Mental health .................................................. 7

4.1. Characteristics of a mentally healthy individual .......... 9
4.2. Foundations of mental health ............................. 11
4.3. Definitions of mental health ............................. 16
4.4. Mental health of students ................................. 16

5. Emotional intelligence ........................................ 16

5.1 Concept of emotional intelligence ......................... 17

5.1.1. Emotion .............................................. 17
5.1.2. Intelligence .......................................... 18
5.1.3. Emotional intelligence ............................... 19

5.2. Definitions on emotional intelligence ..................... 19
5.3. Need and importance of emotional intelligence .......... 21
5.4. Major components of emotional intelligence ............. 22
5.5. Emotional quotient ....................................... 24

6. Need of the study ............................................. 26
7. Statement of the problem 27
8. Operational definitions of key words 27
9. Objectives of the study 29
10. Hypotheses of the study 30
11. Limitations of the present study 32
12. Organization of the report 32
# CHAPTER-II

CHAPTER-III

PLAN AND PROCEDURE OF THE STUDY

3. Introduction 94
3.1 Statement of the problem 94
3.2 Type of research 95
3.3 Selection of tools 96
3.4 Description of the tools 97
  3.4.1 Self-confidence 97
  3.4.2 Mental health 98
  3.4.3 Emotional intelligence 99
3.5 Variables of the study 101
3.6 Sample of the study 101
  3.6.1 Method of sampling 104
3.7 Administration of the tools 107
3.8 Reliability of the tools established by the test constructor 108
  3.8.1 Reliability of the self-confidence scale 108
  3.8.2 Reliability of the mental health scale 108
  3.8.3 Reliability of the emotional intelligence scale 108
3.9 Validity of the tools established by the test constructor 109
  3.9.1 Validity of the self-confidence scale 109
  3.9.2 Validity of the mental health scale 111
  3.9.3 Validity of the emotional intelligence scale 111
3.10 Reliability and validity of the tools established by the investigator 112
  3.10.1 Reliability of self-confidence scale 112
  3.10.2 Reliability of mental health scale 112
  3.10.3 Reliability of emotional intelligence scale 112
  3.10.4 Validity 112
3.11 Statistical techniques used 113
3.12 Conclusion 113
CHAPTER-IV

ANALYSIS OF DATA AND INTERPRETATION OF RESULTS

4. Introduction 114
4.1. Organization 115
4.2. Analysis 116
4.3. Interpretation 117
4.4. Testing of hypotheses 118
4.5. Major Findings 152
CHAPTER-V

SUMMARY, FINDINGS AND SUGGESTIONS

5. Introduction 155
5.1. Need for the study 156
5.2. Statement of the problem 158
5.3. Objectives of the study 158
5.4. Hypotheses of the study 159
5.5. Review of related literature 161
5.6. Methodology 161
5.7. Tools used for the study 162
5.8. Sample of the study 163
5.9. Variables of the study 163
5.10. Statistical techniques used 164
5.11. Testing of hypotheses 165
5.12. Major findings 166
5.13. Educational implications 168
5.14. Suggestion for further research 170
5.15. Conclusion 171
