

Acknowledgement

I owe a deep sense of gratitude to my research supervisor **Dr. Biswanath Das**, FRSC, Deputy Director, Organic Chemistry Division-I, Indian Institute of Chemical Technology, Hyderabad for his intellectual guidance, unfailing attention, constant encouragement and constructive editing of the thesis without which this work would not have come to light.

I wish to express my sincere thanks to Dr. J. S. Yadav, Director, IICT for having given an opportunity to carry out this work.

My special thanks to Dr. J. Madhusudana Rao, Head, Organic Chemistry Division-I, IICT, Dr. A. C. Kunwar and their associates, for their kind help and encouragement.

My sincere thanks to Prof. B. Kesava Rao, H.O.D, Board of Studies Chairman, Prof. B. Syama Sundar, Principal and other faculty members, Department of Chemistry, Acharya Nagarjuna University, Guntur, for giving opportunity of my Ph.D. programme in the university.

I express my heartfelt thanks to my senior colleagues Dr. Joydeep Banerjee, Dr. R. Ramu, Dr. U. Saidi Reddy, Dr. Harish Holla, Dr. K. Venkateswarlu, Dr. Nikhil Chowdhury, Dr. Anjoy Majhi, Dr. I. Mahendar, Dr. P. Thirupathi, Dr. B. Ravikanth, Dr. K. Ravinder Reddy, Dr. Nandan Kumar, Dr. M. Krishnaiah, Dr. K. Laxminarayana and Y. Srinivas for their unreserved help and fruitful discussions.

I take this opportunity to thank my labmates Damodar, Rathod, Veeru, Krishnaiah, Shashi, Satya, Balu, Sudhakar, Lakshmi, Nisith, Jayprakash, Chinna, Kashanna, Shinde, Ravi, Srilatha, Nagendra, Lingaiah, Raghava, Salva and Paramesh for their helpful discussions, encouragement and co-operation during my research work.

I extend my sincere and thanks to Kongara Damodar, Maratha Krishnaiah and Gandham Satyalakshmi for their timely help.

My hearty thanks to Dr. Krishna Kishore Inampudi, Dr. Jaganmohan Rao, Narayanam, Dr. K. V. Rao, Dr. Ravi Kumar Kanaparthi and Dr. Hanumantha Rao for their constant encouragement and support through out my studies and I am very lucky to have them as friends. I extend my sincere thanks to G. Pulla Rao Sir for his enthusiastic chemistry lectures and kind guidance.

I thank Dr. D. L.V. K. Prasad (he is something special), associated with me more than anyone during my research carrier. He is more than a friend stood with me all the times.

I express my deep sense of thanks to M.Sc. classmate, G. V. Ramesh and Gangadhar, Suresh (my M. Sc. seniors). I would like to express my sincere thanks to my Ph. D. colleagues B. Vijay Kumar, Ch. Sridhar, J. Shashidhar, Ch. Nageswara Rao, M. Srikanth, Ch. Ratna Reddy for their timely help during my stay in IICT.

I thank to Y. Sarath for his endless support while preparing the thesis. I can not for get Mr. P. Vijay Raju at this time. He is very helpful to me in various aspects which I can not document here. My warm regards and thanks to Mr. Sundar Rao and Dr. G. Karunakar for their valuable support during my research carrier.

It is impossible task to mention every individuals name and his/her contribution to my career at IICT. I am also greatly indebted to them personally.

I value my sisters (Ratna Kumari, Mary and Sumathi) and brothers (Satyanadam and Suresh). With out their constant support this thesis would not have been possible.

It is my pleasure to thank **Pathapati Hema** for her support and encouragement in completing research. Her wonderful affection and love is always memorable.

I take this opportunity to appreciation to spectroscopic and analytical division of IICT for recording spectra of compounds and providing analytical data.

I thank **Indian Institute of Chemical Technology, Hyderabad** and **Council of Scientific and Industrial Research (CSIR), New Delhi** for the award of Research Fellowships.

Finally, I take this opportunity to thank one and all who has directly or indirectly helped me in completing this task.

— *Kanaparthi Suneel*
