ACKNOWLEDGEMENT

The euphoria and the satisfaction resulted due to the successful completion of the research would be incomplete without the mention of people who made it possible, whose constant guidance and encouragement crowned the success.

The research work in this thesis has been carried out under the able guidance of Dr. H. N. Ramesh Babu, Selection Grade Lecturer, Department of Botany and Seed Technology, Sahyadri Science College (Auto), Kuvempu University, Shimoga. It gives me immense pleasure to express profound sense of gratitude for the inspiring guidance throughout the pursuit of the research work.

It is my pleasure to express my heartfelt thanks to Prof. M. B. Shivanna, Chairman, Department of P.G.Studies and Research in Applied Botany, Jnana sahyadri, Kuvempu University, Shankarghatta, for his support in my research.

I am privileged to express my deep sense of gratitude to my Philosopher, Dr. S. S. Ranade, Chairman of Institute for Micronutrient Technology, Pune, for the continuous support and guidance in pursuing the research study without whom I would not have started the course study. He is the Godfather for me in endeavoring the mission of life.

I would like to thank Prof. Krishnappa. M., Department of P.G.Studies and Research in Applied Botany, Jnana sahyadri, Kuvempu University, Shankarghatta, for his support.
I owe my heartfelt gratitude to Prof. T. S. Hoovaiah Gowda, Retired Principal, Sahyadri Science College (Auto), Kuvempu University, Shimoga, for his continuous support in pursuit of my higher studies right from my high school to post graduation.

I would like express my thanks to Prof. Siddaramappa. B. R., Principal, Sahyadri Science College (Auto), Kuvempu University, Shimoga, for the kind co operation I have received in the college during the course of research.

I take this opportunity to thank Dr. N. Rajeshwari, Head of the Department of Botany and Seed Technology, Sahyadri Science College (Auto), Kuvempu University, Shimoga, for her kind co operation during the research period and being a constant support and encouraging me throughout the study.

I express my sincere gratitude to all the farmers and the villagers of Vasana, Telagi, Halvagalu and Davanagere for not only rendering me their agricultural lands to conduct the research experiments but also for their constant support and timely help throughout the study.

I would like to thank my friends, Mr. Ranganath, Mr. Ramesh and Mr. Niranjan and colleagues for their support and encouragement.

I express my deep concern and thanks to Mr. Thomas, Proprietor of Thomas Computers for his patience and sincere contribution so that the work has come out so beautiful.
I also extend my thanks to my family members in supporting me to take up the study.

Last but not the least; I would express my heartfelt gratitude towards my parents, Smt. Indira and Prof. G. Maribasappa, for their continuous moral support throughout my life, making me a responsible and educated person in the social life and at this juncture of my education, especially in completing this research study.

I thank one and all who are responsible directly or indirectly in encouraging me to take up the research study and successfully completing it in time.

NANDINI G.M.
