ACKNOWLEDGEMENT

I express my deep sense of gratitude to Dr. D.S. Prakash, Professor of Civil Engineering, UBDT College of Engineering and Principal (In-charge), Government Engineering College, Haveri, who not only gave constant guidance but also was a source of inspiration throughout the research work. I acknowledge his guiding spirit, effort, encouragement and support bestowed on me throughout the dissertation work. His constant pursuance was very useful to keep my research on steady path. I am indeed fortunate to have worked under his supervision.

With immense pleasure, I express my deep gratitude and whole hearted thanks to my co-guide Dr. N. Suresh, Professor of Civil Engineering and Director Building Fire Research Centre, NIE, Mysore for his inspiring guidance, suggestion, continuous encouragement and generous affection showed during the entire period of work. He has been a source of inspiration throughout with critical comments and suggestions without which this work would not have taken the present shape. I acknowledge my sincere thanks for all his efforts.

I am grateful to the management of NIE, Dr. B.V. Somashekar, Director CRC, for the facilities provided to me during the period of the research work. I express my sincere thanks to Dr. M.S. Shivakumar, Principal, NIE, Mysore for the co-operation and encouragement given to me during the period of the research work. I express my sincere thanks to Dr. G. Raghavendra Rao, Principal, NIE Institute of Technology, Mysore for the co-operation and encouragement given to me during the period of the research work.

I express my deep sense of gratitude and thanks to Dr. K. Revana Siddappa, Principal, Prof. N.T. Manjunath, Chairman, Board of Studies, and Department of Studies, Dr. K. Manjunath, Sri. Krishnegowda and all faculty members of UBDT College of Engineering for their constant support and encouragement.

Sri. K.M. Subbaiah, Dr. Suresha B, NIE for their timely help and constant encouragement during my research work. I also extend my sincere thanks to all my department colleagues who had supported me to carry out the research work successfully. My special thanks to Dr. Syed Shakeeb ur Rahman, Vice Principal, Professor and Head, Department of Civil Engineering, Dr. P. Nanjundaswamy, Dr. S.K. Prasad, Dr. S. Raviraj, Dr. G.P. Chandradhara, Dr. M.C. Nataraj, Sri. V. Madhavarao and Sri. K.S. Manjunath, S.J. College of Engineering, Mysore for their timely help and constant encouragement during the period of the research work.

I am highly indebted and grateful to my mother Smt. B. Sundaramma, my sister Smt. Y.M. Shobha, my brother-in-law Sri. V. Mahesh and family members for their everlasting encouragement, support and love. I remember my father Late. Sri. Y.M. Mahadevappa for making me what I am today.

During this period of research, I have received immense moral support and co-operation from my wife Smt. N. Meenakshi and son Master. M. Likith. I greatly acknowledge their untiring patience, affectionate support, understanding and sacrifice, specially during times of crisis.

I wish to acknowledge the efforts made by Sri. M.S. Guruprasad, Sri. M.N. Manjunath, Sri. Eashwara and Laboratory staff for their technical help.

The assistance of Sri. Rajesh Babu V, Sri. M.A. Nagesh, Sri. Naveen Kumar and Smt. Gayathri during the preparation of the thesis is gratefully acknowledged.

I would like to thank one and all who have helped directly or indirectly for making this research work successful.

Finally, I offer my humble salutation to the almighty for his blessings and abundant grace that enriched me throughout this study.

Y.M. Manjunatha
