

## Acknowledgements

Foremost, I am heartily thankful to my supervisor, **Dr. V. Jayathirtha Rao** whose encouragement, guidance and support from the initial to the final level enabled me to develop an understanding of the project. It would have been difficult to achieve this goal without his able support and invaluable advices. Apart from his guidance, he has given me the important things of life, managerial skills, built confidence and lifted my spirits, which cannot be described in words. The intensive training that I have imbibed during Ph.D. would be substantially beneficial for my academic career. I also like to thank the whole family of Dr. Jayathirtha Rao.

I would like to thank CSIR, New Delhi for financial support in the form of Research Fellowship. I take this opportunity to thank Dr. J. S. Yadav, Director IICT for providing facilities to carry out my research work. I am also thankful to Head of the division Dr. V. V. Narayana Reddy for his cooperation.

I am thankful to Dr. A. C. Kunwar and his group for their kind help in recording NMR spectra and Dr. M. Vairamani and his group for providing Mass spectra. I acknowledge the help received from the staff of Organic II division, Stores, Library, Glass blowing, Computer section and all other departments of IICT.

I pay rich tribute to Prof. B. Kesava Rao, Head, Department of Chemistry, BOS, Prof. B. Syama Sundar, Dean, Faculty of Sciences, Prof. P.V.V. Satyanarayana, Former head and other faculty members of Acharya Nagarjuna University, Nagarjuna Nagar, Guntur, for giving opportunity of my Ph.D programme in the University.
