ACKNOWLEDGEMENTS

With great admiration, respect and appreciation, I wish to express my deep sense of gratitude to my research supervisor Dr. G. KUMARASWAMY, for his constant encouragement, creative guidance, invaluable and stimulating suggestions, which greatly enhanced my interest in the frontier area of science. It is indeed a great pleasure and privilege for me to be under his tutelage during this valuable period of learning in life and thank him for giving me the opportunity to start as a Ph.D student.

I thank Director Dr. J. S. Yadav, IICT for allowing me to submit this work in the form of a thesis.

It gives me great pleasure to express my sincere thanks to Dr. G. V. M. Sharma, Head, Organic Division-III for his support and encouragement.

I am indebted to Dr. A. C. Kunwar, Dr. T. K. Chakraborty, Dr. B. V. Rao, Dr. S. Raghavan, Dr. B. Jagadeesh and Dr. R. Srinivasan for their kind consideration, constant support and encouragement.

I pay rich tribute to Prof. B. Syama Sunder, Head, Department of Chemistry, Prof. P. V. V. Satyanarayana and other faculty of Acharya Nagarjuna University, Guntur for giving opportunity of my Ph. D programme in the University.

I wish to express my sincere thanks to Prof. P. S. Radhakrishnamurthy and Dr. Venkatnath for their support and enlighten my knowledge during my post graduation.

I am providential to have my friends J. Suresh, Dr. M. Padmaja, Dr. Nivedita Jena, Easwar, B. Ch. Venkatrao, R. Srinivasarao, Kolla srinivas, M. Srikanth for always being there for me that guided my life and remain the secret behind my success.

My great acknowledgements are reserved to my senior and junior colleagues Dr. M. N. V. Sastry, Dr. G. Venkatrao, K. Aruna, Dr. B. Markandeya, A. pitchaiah, D. S. Ramakrishna, K. Sadaiah, D. Rambabu, A. N. Murthy, N. Jayaprakash, R. Satish, V. Narayana rao, R. Raju, G. Balakishan, Raghu and friends at IICT Ch. Nageswararao, Gopal, Rajender, Sudharshan, NMR-Naresh for their support and encouragement.

It gives me immense pleasure to thank all my teachers for their constant support throughout my education career.
My pleasure to thank all my friends M. Srinivasareddy, S. Narasimharao, B. Krishna, Adinarayana, Ramesh, Chandu, Hariprasad, Appireddy, Veeru whose company has added cheerful moments to my life.

My Special thanks to Pedullu, Sajid, Mallesh for their helping hands in my research career.

The assistance rendered by Administration, Library, Stores, Purchase, Engineering, Spectroscopic, Glass Blowing and all the other sections of IICT is gratefully appreciated.

Financial assistance from CSIR, New Delhi in the form of fellowship is thankfully acknowledged.

This thesis would not have seen the light of the day without the moral support, love and affection from my beloved parents’ G. Venkateswara rao, Mrs. Annapurna and all my family members Mrs. Seeta mahalakshmi, Venkateswara rao, Srinivas kumar, Srilatha, Mrs. Rajyalakshmi, Ramamohanrao, Mrs. Umadevi, Prasad, K. Sambasivarao, Gayatri, Venkateswararao, Mrs. Janaki, Jagadeesh, Balavardhan, Deepthi, Bharat, Keerthi, Akhila, Tarun kalyan, Jahnavi for their blessings, incessant love, Encouragement and joyful atmosphere during my Ph.D period. I am forever grateful to my grandparents, Late K. Veeraswamy and Mrs. Venkayamma whose foresight and values paved the way for a privileged education.

Finally, it is my duty to thank everybody which I have not mentioned by name for their support and encouragement for success in every aspect in my life.

Ramakrishna Gajula
