ACKNOWLEDGEMENT

It gives me great pleasure to express my deepest sense of gratitude and respect to my research supervisor Prof. J.S. KADAVEVARAPATH, for his constant help, persistent encouragement, inspiration and guidance throughout the course of this work. I am very much thankful to him for his co-operation, valuable discussions during the course of work and thought provoking suggestions, for which I am very fortunate and indebted to him.

I thank the Chairman, Department of Physics, Prof. S. R. Inamadar for extending the necessary facilities and for his constant help in academic and research work. I am very much thankful Prof. B. Hanumaiah, Vice Chancellor Babasaheb Ambedakar University, Lucknow, Prof. M.I. Savadatti, Former Vice Chancellor, Mangalore University, Mangalore, Prof. B.G. Mulimani former Vice Chancellor Gulbarga University, Gulbarga and Prof. N. Umakanth for their inspirations during the course. My thanks are also due to Prof. D.K. Deshapande, Prof. A. M. Karaguppikar, Prof. S. S. Kubakaddi, Prof. N. S. Sankeshwar, Prof. J. S. Bhat, Dr. L.R. Naik, , Prof. N. M. Badiger, Prof. U. S. Raikar, Prof. J.R. Tonannavar, Dr(Smt). Jayashree Yenagi, Dr. M. K. Rabinal and Sri. S. Y. Amargolakar for their well wishes during the course. Thanks are also due to all non-teaching staff of the Department.

I am grateful to Prof. Avinash, Kumbhar (NCFRR) Pune, for providing lifetime measurements facility and making my stay comfortable in the campus. I also thankful to Dr. H. D. Patil, Basaveshwara Science College, Bagalkot for providing the necessary facilities for the measurement of the dielectric constants of the solutions.

I am very much thankful to Dr. R M Melavanki and Dr. Mahantesh Patil, Dr. M N Rashinakar, K H Nagachandra and M. S. Yatnatti for their help and useful suggestions during the course of investigation. Staff of the University Science Instrumentation Centre
(U. S. I. C), Karnataka University, Dharwad for their technical assistance in getting data on Fluorescence Spectrophotometer and UV-VIS absorption spectrophotometer.

Special thanks are due to during the course of investigation to Anand Lalasangi, Dayanand Lalasangi, Balesh.Mastiholi, Rajeswari, Bharti, Shivaling, Agadi and Lakshmi for their help.

The sacrifice of my parents, the concern and support of my brothers, sisters, wife and childrens are worth recalling at this juncture. They have been a constant source of inspiration, without whose encouragement this work would not have been possible.

Last but not the least, I acknowledge my sincere thanks to those who were my source of inspiration and joy.
