ACKNOWLEDGEMENT

The completion of this project is an impatiently awaited and arduous task made easier only through the numerous persons to whom I am deeply grateful.

First and foremost, I feel great pleasure in expressing my sincere and deep sense of gratitude to the supervisor of my thesis Dr. M.L. Dewangan, Professor, Deptt. of Mechanical Engineering, Govt. Engineering College, Raipur (CG) India for his scholarly guidance imperative and facile suggestions, steadfast inspiration, painstaking efforts, inherent interest, talented and enlivening advises and consistent encouragement given to me to surmount all the difficulties on my way to progress. I pay my great respect to him for going through the manuscript thoroughly and critically.

I am deeply indebted to Dr. R.P. Sukhija, Principal, Govt. Engineering College, Raipur and Dr. R.K. Sahu, Dean Faculty of Agricultural Engineering, Raipur for providing me necessary facilities throughout the study.

It is beyond means and capacity to put in words my sincere gratitude to Prof. B.P. Chandra, Honorable Vice Chancellor, Pt. Ravishankar Shukla University, Raipur (CG) for his kind help and continuous encouragement throughout the course of investigation.

My sincere thanks are due to Dr. C.R. Hazara Honorable Vice Chancellor, Indira Gandhi Agricultural University Raipur, (CG) and the authority of Indira Gandhi Agricultural University, Raipur, for providing me an opportunity for prosecuting my Ph.D. from the traditional University.

I express my sincere gratitude to Dr. Rajesh Pathak, Ex-Principal, Govt. Engineering College, Raipur and Dr. H.Kumar, Dean, Faculty of Engineering, Pt. Ravishankar Shukla University, Raipur (CG) for providing the necessary support for completion of the thesis.

I wish to express my gratitude to Dr. Nawab Ali, Director, CIAE, Bhopal and Dr. V.V.Singh, Principal Scientist and Head, Agricultural Mechanization Division, CIAE, Bhopal for providing necessary facilities to conduct soil bin laboratory experiments at CIAE, Bhopal.

I am greatly thankful to Mr. Prakash Sharma Ex- Senior Mechanic, Faculty of Agricultural Engineering, Raipur for valuable suggestions and to increase of my
workshop skills. I want to extend my thanks to Mr. I.R. Bhonsle Ex- Store Incharge, Revolving Fund Farm Implements Manufacturing Workshop, Faculty of Agricultural Engineering, Raipur for his genuine support.

I want to extend my special thanks to Er. M. Quasim Senior Scientist and Co-Principal investigator of Revolving Fund Farm Implements Manufacturing (ICAR) Project for his all possible help, keen interest and continued encouragement throughout the course of this study.

I am highly thankful to my colleague Er. S.B. Yadav, Er. A.P. Mukherjee, Dr. V.K. Pandey, Dr. A.K. Dave, Dr. Surendra Jogdanad, Dr. M.P. Tripathi, Dr. B.P. Mishra, Dr. S. Patel, Dr. A.K. Pali, Mr. M. Hussain, Mr. S.K. Verma, Er. V.M. Victor and Er. J.S. Nikhade for their kind co-operation.

I am indebted to my friends Dr. D.K. Rana, Dr. Vivek Tripathi, Dr. Narayan Baghel, Mr. Shankar Sodi, Er. Vineet Das, Er. Samir Santia, Dr. Srikant Chittle Er. Jayant Barle, Mr. Jivesh Chandrakar and Mr. Kishore Marathe for their kind helps in many ways.

Thanks are due to Revolving Fund Farm Implement Manufacturing (ICAR) project for providing financial support for the fabrication and testing of machines.

More specific thanks go to my mother Smt. Birij Verma – father Shri P.L. Verma and sisters and their families’ whose affection and blessings have always been the vital source of inspiration to me. I appreciate the affectionate co-operation from my nephews Er. Swapnil and Er. Anurag who has relentlessly encourages and supported me in various ways.

Finally, with all respect I would like to praise my wife Renu and our sons Vinu and Manu for their patience, spiritual welfare and moral encouragement for entire period of the study.

Many have not been mentioned, but none is forgotten.

Raipur

AJAY KUMAR VERMA
