CONTENTS

Introduction :-

Selection of topic.
Objectives of the study.
Review of Literature.
Research Hypothesis
Study area.
Methodology.
Collection of data.
Selection of sample design.
Scheme of presentation.

Chapter -I

"Geographical Setting"

(i) Site and situation.
(ii) Geology.
(iii) Relief
(iv) Climate :
    (a) Temperature.
    (b) Rainfall and humidity.
(v) Soil and vegetation.
(vi) Population
(vii) Drainage system.
(viii) Cultural setting
    (a) Transport system.
    (b) Industry
Chapter - II

Introduction of survey area. 16–24

(i) Location of surveyed area.
(ii) Justification of income groups
(iii) Population Distribution.
(iv) Age and sex composition
(v) Literacy.
(vi) Culture.
(vii) Educational Structure.
(viii) Occupational Structure.
(ix) Caste Structure
(x) Religion.

Chapter - III 25–35

"Consumption of common foods"

(i) Rice.
(ii) Wheat:
(iii) Pulses.
(iv) Vegetables.
(v) Fruits.
(vi) Oil.
(vii) Animal products.
    (a) Milk:
    (b) Eggs.
Chapter - IV 36-47

"Consumption pattern of industrial goods"

(i) V.C.R/V.C.P.
(ii) T.V.
(iii) Refrigerator
(iv) Pressure Cooker
(v) Car
(vi) Motor Bikes
(vii) Cycle
(vii) Gas Cylinder
(viii) Sofa Set
(ix) Dining Table.

Chapter - V 48-58

"Consumption of Energy resource"

(i) Petrol.
(ii) L.P.G.
(iii) Kerosene oil.
(iv) Electricity.

Basic Important change in energy consumption since of 10 years.

Chapter - VI 59-63

"Consumption of soap, Detergent, shampoo and cloths"

(i) Soaps
(ii) Detergent.
(iii) Shampoo.
(iv) Cloths.

Chapter - VII

"Housing Facility"

(i) Use of rooms
(ii) Water facilities

Chapter - VIII

"Changes in consumption pattern"

Problems and Suggestions
Summary
Conclusion
Photographs
Bibliography
