Table 6.5  Gibbs energy of formation of NdGa₆ estimated from OCP measurement  206

Table 6.6  Thermodynamic properties of La-Ga system estimated from OCP measurement  206

Table 6.7  Thermodynamic properties of Nd-Ga system estimated from OCP measurement  207

Table 6.8  Equilibrium potentials (± 0.002 V) of U(III) ion on Ga surface from OCP measurement  209

Table 6.9  Gibbs energy of formation of UGa₃ from OCP measurement compared with literature values  209

Table 6.10  Thermodynamic properties of U-Ga system estimated from OCP measurement  210

Table 8.1  The difference (ΔEAn-Ln) in the reduction potentials of actinides with that of Nd  235
