Acknowledgements

With extreme pleasure, I would like to express my sincere and deep sense of gratitude to my guide Honorable Dr. Kirtiwant P. Ghadle, Associate Professor, Department of Mathematics, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad (M.S.), India, for his valuable guidance, constant encouragement and timely suggestions throughout my research period. I have also express my deep sense of gratitude for his excellent guidance, competent advice, keen observations and persistent encouragement as well as personal attention given to me during the entire course of work, without which the successful completion of this work would not have been possible. I am deeply indebted to him for his kindness, constant encouragement and support.

I have no words to express my gratitude to Honorable Minister Rajesh Tope, Higher and Technical Education Ministry, Maharashtra State, India. I owe my deepest sense of appreciation with gratitude to Principal, Dr. Bhagwatrao Katare, Director, Board of College and University Development, Dr. Babasaheb Ambedkar Marathwada University, for their moral support during the work.

I extend my sincere thanks to Prof. M. B. Dhakne, Head, Department of Mathematics, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad for moral support, encouragement and allowing me to use the departmental facilities during the course of this work. I would like to thank Prof. D. B. Dhaigude, Prof. S. K. Nimbhorkar, Dr. Mrs. M. P. Wasadikar, Dr. S. K. Panchal, Dr. D. B. Pachpatte, Dr. R. M. Dhaigude, Mr. P. N. Kamble, Mr. A. D. Khandagale, Department of Mathematics and Prof. V. H. Bajaj, Head and all faculty members, Department of Statistics, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad for their guidance and for being with me with their professional advice, scientific discussion and will remember the perceptual moments I shared with them in due course of research work. They could be described as a symbol of all that are excellent, divine, intelligent, kind, gentle and generous with all imperishable human
values. My words are inadequate to express gratitude and I will prefer to remain indebted for the same.

I am very much thankful to Dr. B. R. Sontakke, Chairman Mathematics, Dr. Babasaheb Ambedkar Marathwada University, Dr. V. N. Dasare, Ex. Vice Principal, Dr. Ramesh Agrawal, Principal, J. E. S. College, Jalna, Dr. U. B. Kalwane, Asociate Director, Dr. D. Y. Patil Technical Campus, Pune for giving me time to time encouragement and direction for my work.

My heart full thanks go to my Mother Mrs. Kondabai & my Father Mr. Eknathrao Ambadas Ghonge, all my family members and relatives for the tender care and enduring encouragement though they have taken it is a part of their duties. I owe my deepest sense of appreciation with gratitude to Mrs. Sangita K. Ghadle and her son Aishwary for their overwhelming cooperation,

I would like to express my sincere appreciation to my colleagues and friends for their pleasant company, technical discussion, cooperation and all the help they had extended during the years of sustained pressure required to complete this work. Last but not least, I am thankful to non-teaching staff members Department of Mathematics and Statistics, for their cordial co-operation and extending any amount of help I needed.

Finally, I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.

–Badrinath E. Ghonge
