ACKNOWLEDGEMENTS

“The teacher who is indeed wise does not bid you to enter the house of his wisdom but rather leads you to the threshold of your mind.”  - Khalil Gibran

I am indebted to my Guide, Dr. Vanita Patwardhan for several reasons but most of all because she believed in me and took me under her wing to work on a PhD. The quotes above aptly describe my Guide; her wisdom, understanding of the subject, thoroughness with which she works, her immense patience and encouragement have been a source of inspiration for me throughout my PhD.

Dr. Sujala Watve, Head, JPIP, Pune: Maám, thank you for standing by me throughout and encouraging me.

Thank you to all members of JPIP who have encouraged me along the path and helped me out in different ways.

Dr. Somayya, Honorary Director, Department of Computer Science, S.B.E.S. College of Science, Aurangabad: Sir’s expertise in the area of Statistics has to be acknowledged! The number of meetings and discussions that took place was innumerable!! Thank you Sir!

To the Principals of the schools and colleges that participated namely Deogiri College, Poddar International, Nath Valley School, Saraswati Bhavan College, Saraswati Bhavan School and Stepping Stones,: none of this would have been possible without your help in terms of letting me access students of your esteemed institutions. Many, many thanks for your time and co-operation. Special acknowledgement of Dr. Mallu has to be made in this regard also.

My sincere thanks also go to Dr. Shailendra J. Shukla, Head, Physics Department, Deogiri College, Aurangabad for encouraging me and guiding me in terms of my PhD admission. The number of discussions, phone-calls and follow-up was unbelievable! Dr. Shukla took a keen interest in encouraging me to complete the PhD. Thank you very much for all this.
I could not have done without the help of Mrs. Shilpa Muradi, Administrative Assistant at Nath Valley School. Her typing services were of immense help particularly when dealing with the tables! Of-course, I cannot find the words to thank ‘Nath Valley School’ for giving me the administrative support whenever required.

I dedicate this PhD to my family: to my mother, who has been a guiding force in my life in terms of my development from academics to extra-curricular activities such as the piano to scuba-diving! Her spirit is indomitable and her zest for life is an amazing example for all of us to see; to my husband, Ranjit – for being such a tremendous support right through my PhD; to my brother Sunil, for constantly encouraging me along through the years of study!! Thank you very much, dearest family!!

(Monika Ranjit Dass)
