ACKNOWLEDGEMENTS

It gives me great pleasure to express my gratitude to Dr. P. SIVAGNANA MURTHY, Guide and Chairman of Department of Zoology, under whose supervision this work was carried out. It is my privilege to acknowledge his encouragement, guidance and stimulating criticism during the course of this investigation.

I wish to express my gratitude to Dr. M. RAMACHANDRA MOHAN, Reader, Department of Zoology, Bangalore University, for his continued support, valuable guidance, encouragement, and helpful suggestions during the course of this investigation.

I would like to make a special mention of Prof. Dr. KRISHNAN, Department of Zoology, Bangalore University, for critically reading through the manuscript of the thesis and offering suitable suggestions.

I am also thankful to Prof. N.J. SHETTY for his kindness to allow me to use his research microscope.

I would like to extend my gratitude to Prof. C.N. SHARADAMMA, Director of Studies, S.J.R. College for Women and all my colleagues at S.J.R.C.W. for having stood by me during my years of research.
I wish to acknowledge the help and encouragement of different individuals and friends who have helped me in my work in different capacities. Mrs. BELA ZUTSHI, Guest Faculty, Miss. KALPANA, Miss. MANJULA and Miss. SANDHYA, Research Scholars (for their constant help and support); Mr. T.J. SHIVAKUMAR (for typing this manuscript); Mr. M.P. YOGANAND (of M/s. Vagi Data Systems, for helping type the graphs); Miss. KOMAL RASHMI (my niece, for continued support and immense help throughout this work) is greatly acknowledged.

I dedicate this thesis to my parents without whose continued support and encouragement, this work wouldn't have been possible. I wish to acknowledge the moral support, love, affection and encouragement of my sisters, brothers-in-law, nephews, nieces throughout my work.

D.C. SHASHIKALA
