ACKNOWLEDGEMENTS

I would like to extend my sincere gratitude to my supervisors, Dr. P.B. Mahapatra and Dr. D.K. Aggarwal, for their invaluable direction and technical advice during the course of this investigation. Their continuous guidance and encouragement have resulted in the success of this present work. Dr. P.B. Mahapatra, in his capacity as Professor and Head, Department of Mechanical Engineering, Punjab Engineering College, Chandigarh also provided me additional support and co-operation during this post-graduate work. I am deeply indebted to Dr. Baljeet S. Kapoor, Principal, Punjab Engineering College, Chandigarh for his constant motivation and support. I am also thankful to Dr. R.S. Gupta who inspired and helped me during the entire duration of this research.

Finally, I would like to thank my children, Pratyaksh and Prerita, who smiling bore inconvenience during their infancy and my wife, Dr. Neelam R. Prakash, whose moral support kept me pursuing the present work till its completion.
