ACKNOWLEDGEMENT

It gives me great pleasure in expressing my gratitude to all those people who have supported me and had their contributions in making this investigation possible. First and foremost, I'm thankful to the “Almighty” for his bountiful grace throughout my life and for being my strength and shield.

It gives me immense pleasure to express my deepest and heartfelt gratitude to my esteemed guide Dr. H. B. Aravinda, Professor & Head, Department of Civil Engineering, Bapuji Institute of Engineering & Technology, Davangere, for his deep concern, invaluable advice, thoughtful guidance, sincere evaluation and endless support without which this research work could not have been completed. His involvement with his originality has triggered and nourished my intellectual maturity.

It is a great honour to express my sincere and heartfelt gratitude to my esteemed co-guide Dr. E.T. Puttaiah, Professor, Department of studies in Environmental Science, Kuvempu University for his constant encouragement, noble guidance, critical comments, support, care and motivation during the period of my research work.

I am deeply grateful to Dr. S. N. Shivalingappa, Principal, S T J I T, Ranebennur, for providing laboratory and necessary facilities for carrying out my research.

It is my privilege to thanks to Dr. J. Narayana, Professor and Chairman, Dr. S. V. Krishnamurthy, Professor, Dr. K. Yogendra and Dr. HinaKausar, Assistant Professors, Dept. of Environmental Science, Kuvempu University for their kind help, support and co-operation during the period of investigation.
My deep regard and sincere thanks to Dr. S. Manjappa, Associate Professor and Head, Department of Chemistry, UBDTCE, Davangere. Dr. S Suresh, Professor, Dr. B. Suresh, Assistant Professor, Department of Civil Engineering, BIET, Davangere, for their valuable advice and guidance throughout my work.

I am indebted to my wife, and daughter Smt. Gayathri A. O and Kum. Meghana. V, for his love and kind support all the time.

I sincerely thank all the teaching and non-teaching staff of Department of Environmental Science, Kuvempu University, Shankaraghatta, Department of Civil Engineering, BIET, Davanagere, who have given moral support and timely help in many ways during my research work.

I also thank the staff of the Kuvempu University library, the library of NITK, Surathkal for providing useful information for my research work. However, I am solely and personally responsible for any flaws and lacuna that may be found in the study.
