Acknowledgements

Completion of this thesis was possible since I am working with Biocon limited and I have worked with a great number of people whose contribution in assorted ways to the research and the making of the thesis deserved special mention. It is a pleasure to convey my gratitude to them all in my humble acknowledgment.

In the first place I would like to record my gratitude to Dr. K.R. Venugopala Reddy, Professor, Dept of Chemistry, Vijayanagara Sri Krishnadevaraya University, for his supervision, advice, and guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the work. Above all and the most needed, he provided me unflinching encouragement and support in various ways. His truly scientist intuition has made him as a constant oasis of ideas and passions in science, which exceptionally inspire and enrich my growth as a researcher and a scientist want to be. I am indebted to him more than he knows.

It is my pleasant duties to express my grateful thanks to Prof. K. Vasantha Kumar Pai, Chairman, Dept. of Industrial chemistry, Kuvempu University, for his kind cooperation during my research work.

I am indebted to the principal of Sahyadri Science college for providing required facilities to carrying out the research work and I convey my thanks to the staff of the Department of Chemistry, Sahyadri Science College for being accommodating to my requirements.

It is my pleasant duties to express my grateful thanks to Prof. H. S. Bhojya Naik, Dr. B. E. Kumarswamy, Dr. J. Manjanna and Dr. Yadav D. Bodke, Dept. of Industrial chemistry, Kuvempu University, for his kind cooperation during my research work.

I also thank all the faculty members of Department of Industrial Chemistry, and Chemistry, Kuvempu University for their help and support during research.

I have also benefited by advice and guidance from Mr. Unnikrishnan M, Dr. Vidyanand ankolekar, Dr. Srinivas P.V. and Dr. Elango minor, Biocon limited, Bangalore, who always encouraged during my research.
It is my pleasure to thanks to all my colleagues Mr. Amith kumar, Mr. Kishore, Mr. Raju, Mr. Nischith, Mr. Anand, Mrs. Vinitha venugopalan, Miss. Anuradha, Miss Lavita, for their help during research.

My sincere thanks to Mr. Chidananda B, Mr. Mruthuyanjayachari C.D, Mr. Pradeep K.M, Mr. Ganesh S.D, Dr. Shashikumar N.D, Dr. Jayanna N.D and my research group for continuous support. Many thanks goes in particular to Dr. Harish M.N.K, my senior for his valuable advice and guidance during the early stage of my research.

Where would I will be without my family? My parents deserve special mention for their inseparable support and prayers. My Father, Mr. Basavarajappa B.S. in the first place is the person who put the fundamental learning character, showing me the joy of intellectual pursuit ever since I was a child. My Mother, Mrs. Sulochana is the one who sincerely raised me with her caring and gently love, thanks for being supportive and caring blessings.

I am lovingly grateful to my beloved sister Asha. B, brother in law R. Puttaswamy, brother Ashok kumar.B. and Sister in law Ramya. J.E. for their generous support and constant encouragement throughout my research work.

Words fail me to express my appreciation to my wife Thara. B.N and daughter B.R. Khushi, whose love and persistent confidence in me, has taken the load off my shoulder.

I express my thanks to the non-teaching staff of Industrial Chemistry and Chemistry Departments, Kuvempu University for their kind co-operation.

Finally, I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.

Ramesha.B
