ACKNOWLEDGEMENTS

I owe a debt of gratitude to Dr. B.R. Bawa, Professor and Head of the Department of Biophysics, Panjab University, Chandigarh, for his guidance and constructive criticism at all stages of this work.

I thank Dr. B.K. Aikat, Dean and Director-Professor of Pathology and Dr. A.G. Bhagwat, Assistant Professor of Pathology, Postgraduate Institute of Medical Education and Research, Chandigarh, for making available to me the facilities of their electron microscope laboratory. Shri A.K. Nagpal, the technician in charge deserves special mention for his help.

I acknowledge with thanks the help of Sh. K.S. Bedi, formerly Joint Director of Agriculture (Research and Education) Punjab, for expert editorial assistance.

Subhash, Modhu, Mridula, Meenakshi, Sumita, Ranjana and Veena call for a special word of thanks for lightening my task of proof reading and correcting the manuscript.

Sincere thanks are also due to Shree Kishori Lal, Madan Lal and Som Dutt from the Department of Biophysics, Panjab University, Chandigarh, for their technical assistance.
The partial financial assistance given to me by the Panjab University is also thankfully acknowledged.

Finally, I would like to thank my husband for his encouragement and patient understanding.
