ACKNOWLEDGEMENT

The research work embodied in this thesis has been carried out in the Chemical Laboratories of the University of Delhi under the supervision of Professor T. R. Seshadri. The extent of information derived from the existing literature has been indicated in the body of the thesis at appropriate places giving the source of information. The work is original and has not been submitted in part or full for any degree or diploma of this or any other University.

I am grateful to Professor T. R. Seshadri for his keen interest and for the constant encouragement he gave me throughout the work.
