CONTENTS

(1) INTRODUCTION AND RESEARCH DESIGN ... 1 - 32.

(2) MAGNESITE - AN OVERVIEW .. 33 - 60.

2.1 Nature of Magnesite. 33., 2.2 Definisations 34., 2.3 Magnesite family .38., 2.4 Properties of maganesite 4.1., 2.5 Formation, occurrances and structure. 43., 2.6. Effects of impurities. 46., 2.7. Special features of magnesite. 47., 2.8. Uses of magnesite products. 50., References .58.

(3) MAGNESITE INDUSTRY-INTERNATIONAL SEENARIES .. 61-86

3.1. World occurances of magnesite.61., 3.2 World magnesia producers.76., 3.3. World magnesite trade.77., 3.4 Status and development of the world magnesite Industry.81., References.,85

(4) INDIAN MAGNESITE INDUSTRY - AN OVERVIEW .. 87-113

4.1. Occurrences of Indian magnesite deposits.87., 4.2. Indian magnesite reserves and production.105, 4.3. Indian magnesite trade.108, 4.4. Status of Indian magnesite industry.110., References.113.,

(5) MINING AND PROCESSING OF MAGNESITE .. 114-139

5.1. Mining of magnesite.114., 5.2 Production process.124., 5.3. Production process of Dead burned magnesite.128., 5.4. Benification.135., References.139.,
(6) MATERIALS MANAGEMENT .... 140-165

(7) MARKETING MANAGEMENT .... 166-186

(8) FINANCIAL MANAGEMENT 187 - 228.

(9) PERSONNAL AND INDUSTRIAL RELATIONS MANAGEMENT . 229-260

(10) ANALYSIS AND FINDINGS 261 - 309.

(11) SUGGESTIONS AND CONCLUSION 310 - 337

11.1 Solutions to the problems of Indian magnesite industry. 310., 11.2. Suggestions for improvement of Indian magnesite industry. 310., 11.3. Scope for further research 333., 11.4. Future of Indian magnesite industry. 334., 11.5. Conclusion. 335.
