**TABLE OF CONTENTS**

Certificate iii  
Dedication iv  
Acknowledgements v  
Abstract vii  
List of Abbreviations ix  
Operational Definitions xii

**Introduction 1**  
1.1 The Impact of HIV/AIDS 2  
1.2 Nutrition and HIV 4  
1.3 Significance of the Study 7  
1.4 Objectives 8

**Review of Literature**  
2.1 About RHE Disease 11  
2.2 Tests to Diagnose HIV and to Measure its Progression 12  
2.3 Who Clinical Staging of HIV in Adults 13  
2.4 Opportunistic Infections in HIV 15  
2.5 Prevalence of HIV/AIDS 19  
2.6 Modes of Transmission 24  
2.7 National Response to the Epidemic 25  
2.8 Management of HIV 27  
2.9 Quality of Life in People Living with HIV/AIDS 29  
2.10 Nutrition and HIV/AIDS 32

**Methodology**  
3.1 Phase I 57  
3.2 Phase II 70

**Results and Discussion**  
4.1 Health and Nutrition Profile of PLHIV in Delhi 81  
4.1.1 Demographic and Background Characteristics 81  
4.1.2 Health Status 84  
4.1.3 Anthropometric Profile 91  
4.1.4 Mini Nutritional Assessment (MNA) 102  
4.1.5 Knowledge, Attitude and Practices 106  
4.1.6 Quality of Life 113  
4.1.7 Dietary Profile 118  
4.1.8 Food Group Intake 120  
4.1.9 Nutrient Intake Profile 122
4.2 Effectiveness of Nutrition Intervention on Health and Nutrition Profile of PLHIV

4.2.1 Demographic Profile
4.2.2 Health Status
4.2.3 Anthropometric Profile
4.2.4 Mini Nutritional Assessment (MNA)
4.2.5 Knowledge, Attitude and Practices
4.2.6 Dietary Practices
4.2.7 Nutrient Intakes
4.2.8 Quality of Life
4.2.9 Effectiveness of the Intervention

Summary and Conclusions

Bibliography

LIST OF TABLES

Table 2.1: CD4 Monitoring and Follow-Up Schedule
Table 2.2: WHO’s Clinical Staging of HIV for Adults
Table 2.3: Summarizing HIV in India
Table 2.4: Prevalence of HIV/AIDS in India
Table 2.5: Estimated Risk of MTCT of HIV in the Absence of Interventions
Table 2.6: Antiretroviral Therapy by CD4 Count
Table 2.7: National ART Regimen (India)
Table 2.8: Nutrient Recommendations for PLHIV
Table 3.1: Nutritional Information of Nutriplus (Per 100g)
Table 4.1: Distribution of Subjects According to Age and Gender
Table 4.2: Socio-Demographic Characteristics of the Sample
Table 4.3: Family Profile of the Sample
Table 4.4: Current and Past Occupation Profile of the Sample
Table 4.5: Income Profile of the Sample
Table 4.6: Distribution of Subjects According to Present Treatment Status
Table 4.7: Risk Factors for Acquiring HIV Infection
Table 4.8: Distribution of Subjects Indulging in Alcohol and Tobacco
Table 4.9: Sample Distribution According to WHO Clinical Stage
Table 4.10: Distribution of Subjects in WHO Clinical Stage According to Treatment Status
Table 4.11: Distribution of Subjects According to HIV/AIDS Symptoms/OIs
Table 4.12: Distribution of Sample by Number of Symptoms/OIs
