It is a pleasure to express my deep gratitude to Dr. M.K. Raina, Professor and Head, P.G. Department of Zoology, under whom I have had the honour of studying and under whose supervision and guidance the present work was conducted. I am indebted to him for not only providing necessary laboratory facilities but also for his constant and stimulating help, advice and encouragement. This work is dedicated to him both with pleasure and humility.

I am also thankful to Dr. A. K. Kaul, the then Head of the Department of Biosciences, the University of Jammu for allowing me to work in his laboratory during my stay at Jammu and also to Mr. G. L. Raina, the then Principal, D.I.E., Leh, Ladakh for making arrangements for collection of fish hosts.
My sincere thanks are also due to Mr. Noor Mohd. Bhat, Director USIC, Kashmir University for providing SEM facilities and also to Mr. Ali Mohammad Parray for his technical assistance.

I also owe my gratitude to Drs. F. M. Affa's (Université de Yaoundé, Cameroun), J.-L. Albaret (Muséum National d'Histoire Naturelle, Paris), C. D. Becker (Pacific Northwest Laboratories, U.S.A.), M. Beverley-Burton (University of Guelph, Canada), D. R. Brooks (University of British Columbia), A. O. Bush (Brandon University, Canada), J. O. Corliss (University of Maryland, U.S.A.), P. R. Earl (Centre de Estudie, Universitaires, Mexico), D. P. Halder (Kalyani University, West Bengal), R. J. Jensen (Saint Mary's College, Indiana), L. G. Mitchell (Iowa State University, U.S.A.), C. C. Narasimhamurti (Andhra University, Waltair), R. A. Pal (Quaid I Azam University, Pakistan) and R. R. Sokal (State University of New York, U.S.A.) for sending me their publications and for their valuable suggestions.

My sincere thanks are also due to Dr. P. K. Warikoo, Director Reproductive Biology, Southern California Fertility Institute, Los Angeles for sending me most of the references cited in this text.

I am thankful to my friends and colleagues, namely, Miss Anjali Kaul, Miss Ravinder Kaur, Mr. Anil Kumar Pandit, Mrs. Phoola Saraf nee Raina, Mr. Javeid Hussain, Miss Anis Ramzan, Mr. Naseer Farhan, Miss Sunita Gagroo, Mr. G. R. Wani, Mrs. Usha Raina, Mrs. Usha Chogtu, Miss Neeta Zutshi, Miss Anju Sharma, Miss Seema Langer and Mr. Anil Khajuria for
sharing their time and talents with me. Thanks are also due to Mr. Mohd. Yousuf for getting frogs.

Sincere appreciation also goes to my parents Mrs. & Mr. Aumkar Narain and to my grandparents Mrs. & Mr. Prem Narain for their moral support and stimulating inspiration.

The financial assistance by U.G.C. (Project No. F. 3-88/86 (SR-II) in the form of JRF /R.A. is greatly acknowledged.

Finally, I would like to thank Mr. P.L. Sapru (R.E.C. Srinagar) for carefully typing the manuscript of this thesis.

KANWAR NARAIN
