ACKNOWLEDGEMENTS

I express my deep sense of gratitude to my Supervisors Dr.S.R.Mehta, Department of Sociology and Dr.G.P.Mehta, Department of Statistics, Panjab University, Chandigarh. They have been very supportive and continuously encouraged me at every stage of this work. As a senior supervisor, Dr.S.R.Mehta, took personal interest in the completion of this work on time.

I have utilized the instruments and the data from Prof.(Mrs.) K.P.Singh's published work entitled "Correlates of Fertility Behaviour- A Study of Rural Communities in Punjab and Haryana", which I gratefully acknowledge. I am also grateful to her for granting me permission to utilize the data from the records of Population Research Centre, particularly from the study "Economic Development, Social Structure and Population Growth".

I am also thankful to Prof.A.Mahajan, former Chairman and Prof.K.L.Sharma Chairman, Department of Sociology, Panjab University, Chandigarh for providing me all possible co-operation during the course of this research work. My thanks are also due to Dr.M.L.Sharma, Manager, Family Planning Association of India (Haryana Branch), Chandigarh for going through the manuscript and making valuable suggestions.

My special thanks are to my wife Rama, whose continuous interest and support in my work has helped a great deal in my research work.
