Publications from the PhD work

PUBLISHED

Annexure II

ACCEPTED

COMMUNICATED

1. Optimization, development and evaluation of chitosan nanoparticles for improved delivery of anticancer drug to colon.

2. Development and evaluation of nasal mucoadhesive nanoparticles of Tramadol HCl.

3. Gold Nanoparticles: A Paradigm Shift in Biomedical Applications
CONFERENCES & SCIENTIFIC PAPERS PRESENTATIONS

- Research Paper accepted for presentation entitled “Development and evaluation of porous chitosan nanoparticles for treatment of Enterotoxigenic Escherichia coli infection” at the International Congress, Nanotechnology, Biology & Medicine, Krems/Austria.

- Research papers presented at the International Conference of Nanomaterials & Nanotechnology, ICNANO 2011 held by University of Delhi, INDIA & Institution of Advanced Materials, JAPAN.
  - Development and characterization of Brimonidine tartrate loaded Eudragit nanosuspensions for ocular drug delivery.
  - Development and Characterization of atorvastatin calcium loaded chitosan nanoparticles for sustain drug delivery.
PUBLICATION APART FROM PhD WORK

beeswax microspheres: Preparation, Characterization and Release kinetics.

*Lat. Am. J. Pharm.* 2012; 31 (6): 808-14. **Impact Factor 0.228**

**RESEARCH PAPERS ACCEPTED**

**RESEARCH PAPERS COMMUNICATED**

CONFERENCES & SCIENTIFIC PAPERS PRESENTATIONS

➢ Attended NATIONAL SEMINAR/WORKSHOP on “Emerging Trends, Challenges & Future Perspectives in Dissolution Testing” held in JSS College of Pharmacy on 24th-25th January, 2012.

Abstract Published in POLYCON 2011:

• Gowda DV, Shuaib M Khan, Shivakumar HG. Encapsulation of olanzapine into beeswax microspheres: Preparation, Characterization and Release kinetics. Abstract # TS5-5

➢ Attended Seminar on “Scientific Writing and Publication” held in JSS College of Pharmacy on 2nd December, 2009.
