ACKNOWLEDGEMENTS
WITH the greatest pleasure I record here my deep sense of gratitude and appreciation to Dr. S.B. Mathad, M.Sc. (Bom.), Ph.D. (McGill, Canada), F.E.S.I., Reader in Zoology and Head, Division of Entomology, Karnataka University, Dharwar, for his most valuable guidance, constructive criticism and inspiring discussions throughout this research project.

I am indebted to Dr. M. Appaswamy Rao, Professor and Head, Department of Zoology, Karnataka University, Dharwar, for the necessary facilities and encouragement.

Since the present research project was generously supported by the Karnataka University, Dharwar, in the
form of financial (research) grant sanctioned to Dr. S.B. Mathad, I am most grateful to the said University. I gratefully acknowledge the financial assistance in the form of Research Fellowships awarded to me by the Council of Scientific and Industrial Research and the University Grants Commission, New Delhi.

I thank the Librarians, Centre for Overseas Pest Research, London and Indian Agricultural Research Institute, New Delhi, for their help in getting me the access to the rare literature.

DHARWAR
