ACKNOWLEDGEMENT

I take this opportunity to express my sincere thanks and profound gratitude to my esteemed guide Dr. (Mrs) Kusuma Neelakantan Professor and former Chairperson, Department of Marine Biology, Karnataka University P.G. center, Karwar for her academic guidance, creative encouragement and sustained interest throughout the course of my work.

I gratefully acknowledge my sincere thanks to Dr. V. N. Nayak Professor and Chairman, Department of Marine Biology for his constant encouragement and useful suggestions during the investigation.

I sincerely thank Dr. U. G. Bhat, Professor and administrator of the Karnataka University P.G centre, Karwar for his inspiration.

My sincere thanks are due to Dr. U. G. Naik, Lecturer, Department of Marine Biology, Karnataka University P.G centre, Karwar for his support and timely help in carrying out this work.

I thank Dr. J. L. Rathod, Sr. Lecturer Department of Marine Biology, Karnataka University P.G centre, Karwar for his constant support.

I thank Sri Chandrakant T. Harikantra, the Librarian and all the members of non teaching staff, Department of Marine Biology, P.G centre, Karwar for their encouragement.

I am deeply indebted to Dr. G. N. Nayak Dean, faculty of Marine Science Goa University for his timely academic suggestions, unstinted help and inspiration.
A word of grateful acknowledgement to Dr. Ravi, Dr. Deepti Desai and Dr. Thomchu for their kind support and encouragement.

I am thankful to Dr. Ullas Shetti and Professor Pragassam, Dr. Govind Salaskar for their invaluable suggestions and constant encouragement throughout my work.

I offer my thanks to my colleagues Dr. Vinayak Nayak, Dr. Preeti and Professor Shubha for their moral support.

I express my indebtedness to my sister Prof. Manik Kerwadikar and my brother-in-law Advocate Chandrakant K. Siddarkar for their inspiration and blessings. I offer my special thanks to my Uncle Madhu Kerwadikar and nephew Darshan.

I am very grateful to the my in laws Shri. M.S. Karki and Smt. Savitramma Karki for their constant encouragement and blessings.

My heartfelt thanks to my husband Prof. Ramesh Karki, my son Pankajraj and daughter Aditirani for their co-operation and moral support in the completion of my work.

It would be no exaggeration on my part to say that the thesis owes much to the wonderful co-operation of my niece, Professor. Pratyaksha in the completion of my research.

I heartly thank Mr. Amit Madgaonkar for his meticuluous typesetting, scanning and printing the text to greater satisfaction.
