ACKNOWLEDGMENT

"Almighty God, the giver of wisdom,
Without whose help resolutions are vain,
Without whose blessings study is ineffectual"

--- Samuel Johnson

In accomplishing all that I aimed for in my work, I seek the blessings of the Almighty. Words cannot express my deep sense of gratitude and feelings of indebtedness which I have for Dr. (Mrs.) Jasdeep Kaur, Lecturer, DAV College of Education for Women, Amritsar, under whose precious guidance and intelligent supervision this research has been conducted. Her suggestions went a long way in improving the quality of my research work. Without her keen interest and guidance, this work would have scarcely been completed.

I am thankful to Dean, Faculty of Education, Guru Nanak Dev University, Amritsar, for help and cooperation which has enabled me in the successful completion of the research work.

I also extend sincere thanks to Dr. Jaswinder Singh Dhillon, Principal, Khalsa College of Education Amritsar, for extending his full co-operation in allowing me to make use of the library resources.

I am grateful to Dr. Navdeep Singh Tung, Dean, Department of Psychology, Guru Nanak Dev University, Amritsar, for his invaluable guidance in selecting the statistical techniques used in the present research.

I am extremely thankful to the library staff of Guru Nanak Dev University, Amritsar, Panjab University, Chandigarh and Punjabi University, Patiala for their help.

My heartfelt thanks are also due to my respondents of various schools who willingly devoted their valuable time and helped me in collecting data for the present research.

My special thanks are due to Dr. Anita Manon and Dr. Punam Chopra for their encouragement and valuable suggestions.

I owe debt to my husband Dr. Pankaj Sharma and my mother-in-law Smt. Santoshi Sharma for providing me invaluable moral support at every step. I owe my thanks to my
mother Smt. Shashi Bakshi and sister Mrs. Meena Bali for providing me never ending inspiration.

I sincerely wish to tender my heartfelt gratitude to my niece Pragya Bakshi for her assistance in computer work and my bhabhi Mrs. Sangeeta Bakshi for good wishes.

I would be failing as a mother if I do not express my affectionate and deep thanks to my sons Pragyan, Advait and Vedant whose love and silent sacrifices gave me strength to complete this work.

Last, but not the least, I wish to mention my thanks to all the members of Subhash computers for their pain-staking efforts.

My gratitude ought not to go unacknowledged to various authors whose work has been cited in the study and to everyone connected with my work in one way or the other.
