ACKNOWLEDGEMENT

First and foremost, I take this opportunity to express my profound respect, deep sense of gratitude to my supervisor Dr. K. Porkumaran, M.E., Ph.D., Principal and Professor, Department of Electrical and Electronics Engineering, Dr. N.G.P. Institute of Technology, Coimbatore for his constant support, guidance and fruitful discussions. He always showed keen interest in my research career and provided me with valuable advice for doing good research.

I am sincerely grateful to Shri. S. Parameswaran, M.E., Director, Master Control Facility, Indian Space Research Organization, Hassan, India, who has been a constant source of motivation and encouragement throughout this work.

I wish to express my gratitude to the management and members of Dr. N.G.P. Institute of Technology, Coimbatore for providing me the required facilities to carry out this research work.

I would like to express my sincere thanks to Dr. G. Ganesan, Director, Research and Development Centre, Bharathiar University, Coimbatore, for granting me the permission to undertake this study.

A special thanks to my grandparents, my parents, my wife Mrs. A. Carmel Mary Esther and my daughter S. Sri Ragha Durga for their understanding, patience and constant encouragement. With genuine humility, I am obediently thankful to the Almighty, for all His uncountable bounties and guidance without which this work have never become a reality.
