ACKNOWLEDGEMENT

The author is deeply indebted to her guide Dr. S.RAMA REDDY, Professor of Electrical and Electronics Engineering department, Jerusalem College of Engineering, Pallikaranai, Chennai, for his valuable and sincere guidance. This thesis could not have been completed without his help and his consistent encouragement throughout the work.

The author is indebted to Dr. M.A.Panneerselvam, Professor, Department of Electrical and Electronics Engineering, Tagore Engineering College, Chennai and Dr. T.Thyagarajan, Professor and Head, Department of Instrumentation Engineering, MIT Campus, Anna University, Chennai, members of the doctoral committee for their valuable suggestions and support throughout the research work. The author expresses her profound gratitude and thanks to Prof. Mala Murugesh, Chief Executive Officer, Jerusalem College of Engineering, and Dr. G. Sambandan, Principal, Jerusalem College of Engineering, for their encouragement and the facilities provided to do this research work. The author is honoured to thank the reviewers for their valuable comments and suggestions. The author is indebted to all her colleagues, parents, her husband, daughter and son for their whole-hearted cooperation during her research work.
