ACKNOWLEDGEMENTS

I take pleasure in expressing my sincere gratitude to Dr. J.R. Gupta, Associate Professor, Department of Mathematics, H.P. University, Shimla, for his constant guidance, encouragement, keen interest, and fruitful suggestions during the tenure of this work. Without these it would have not been possible to carry out the present work. His sympathetic and accommodating nature is an additional source for inspiration.

My very personal and sincere thanks are due to Professor M.B. Banerjee, Department of Mathematics, H.P. University, Shimla for carefully going through the manuscript and suggesting a number of improvements.

I express my cordial thanks to Dr. S.N. Dube, Professor and Head, Department of Mathematics, H.P. University, for creating the necessary facilities which have rendered the smooth completion of the work.

I am thankful to my brother Sh. M.B. Sharma and my friend Dr. S.K. Sood who helped me a lot in various ways in the completion of the thesis.

Financial aid of H.P. University, Shimla, is gratefully acknowledged.

I am grateful to Mrs. Darshan Kaur for her unfailing patience in typing the thesis.
