ACKNOWLEDGEMENT

I wish to express my indebtedness to my research guide Dr. G. Krishnan, Head of the Department of Chemistry, University College, Thiruvananthapuram for his inspiring encouragement, support and guidance throughout this research work.

I am extremely grateful to Dr. A. Salahuddin Kunju, Principal, Government College, Kottayam (former Head, Department of Chemistry, University College, Thiruvananthapuram) for giving me the opportunity and providing adequate facilities to conduct my research work at the Department of Chemistry, University College, Thiruvananthapuram.

I am deeply indebted to Dr. P.M. Madhusudanan, Retd. Professor of Chemistry, Thiruvananthapuram, for the help and guidance extended by him.

I would like to thank Dr. C.P. Prabhakaran, Retd. Professor and Head of the Department of Chemistry, University of Kerala, Kariyavattam, Thiruvananthapuram for his valuable suggestions and encouragement during the course of this investigation.

I am grateful to Dr. P. Indrasenan, Professor and Head of the Department of Chemistry, University of Kerala, Kariyavattam, Thiruvananthapuram for the help and co-operation extended by him for carrying out this investigation.

I express my sincere gratitude to the University Grants Commission (UGC), New Delhi for granting me the Fellow Ship under F.I.P.

I am thankful to Dr. S.P. Venkatesan, Professor and Head, Regional Sophisticated Instrumentation Center (RSIC), Chennai and the authorities of Central Drug Research Institute, Lucknow for providing required instrumental facilities.

I am also thankful to all the authorities of Vikram Sarabhai Space Center (VSSC), Regional Research Laboratory (RRL) and Sree Chitra Thirunal Institute for Medical Science & Technology, all in Thiruvananthapuram and School of Chemical Sciences, Mahatma Gandhi University, Kottayam for providing instrumental and Library facilities.
I would like to mention the help and co-operation rendered by Dr. Sankara Sarma, Department of Physics, Government College for Women, Thiruvananthapuram and my colleagues, Sri. P. Vijayakumar and Dr. M. R. Sudarsanakumar, Department of Chemistry, M.G. College, for helping me in TG calculations and indexing the X-ray powder patterns.

I am thankful to the librarians and other staff members of the University Library and Regional Research Laboratory, Thiruvananthapuram.

I am thankful to the Teachers, Research Scholars and Laboratory Assistants of the Department of Chemistry, University College, Thiruvananthapuram for their support and kind help extended to me to complete this research work.

I am also thankful to the Principal and Office Staff of the University College, Thiruvananthapuram.

I acknowledge the encouragement and help rendered by the Principal and teachers of the Department of Chemistry, N.S.S. College for Women, Karamana, Thiruvananthapuram.

I would like to mention the help and co-operation rendered by my College Principal, colleagues and friends especially Dr. G. Jayakumar, Head of the Department of Chemistry, M.G. College, Thiruvananthapuram.

Finally, I would like to praise and record my happiness for the loving support and co-operation extended to me by my wife Smt. Bhavana Radhakrishnan (Playback Singer), Selection Grade Lecturer, Department of Music, Sree Narayana College for Women, Kollam and my children Arunkrishnan. C and Anagha. C.

I am thankful to Saju R, Malayam (Chithira Computers), for the neat typesetting my thesis with meticulous care.

I humbly express my sincere love to the GOD

C. G. RADHAKRISHNAN NAMBOORI
